Hi all!

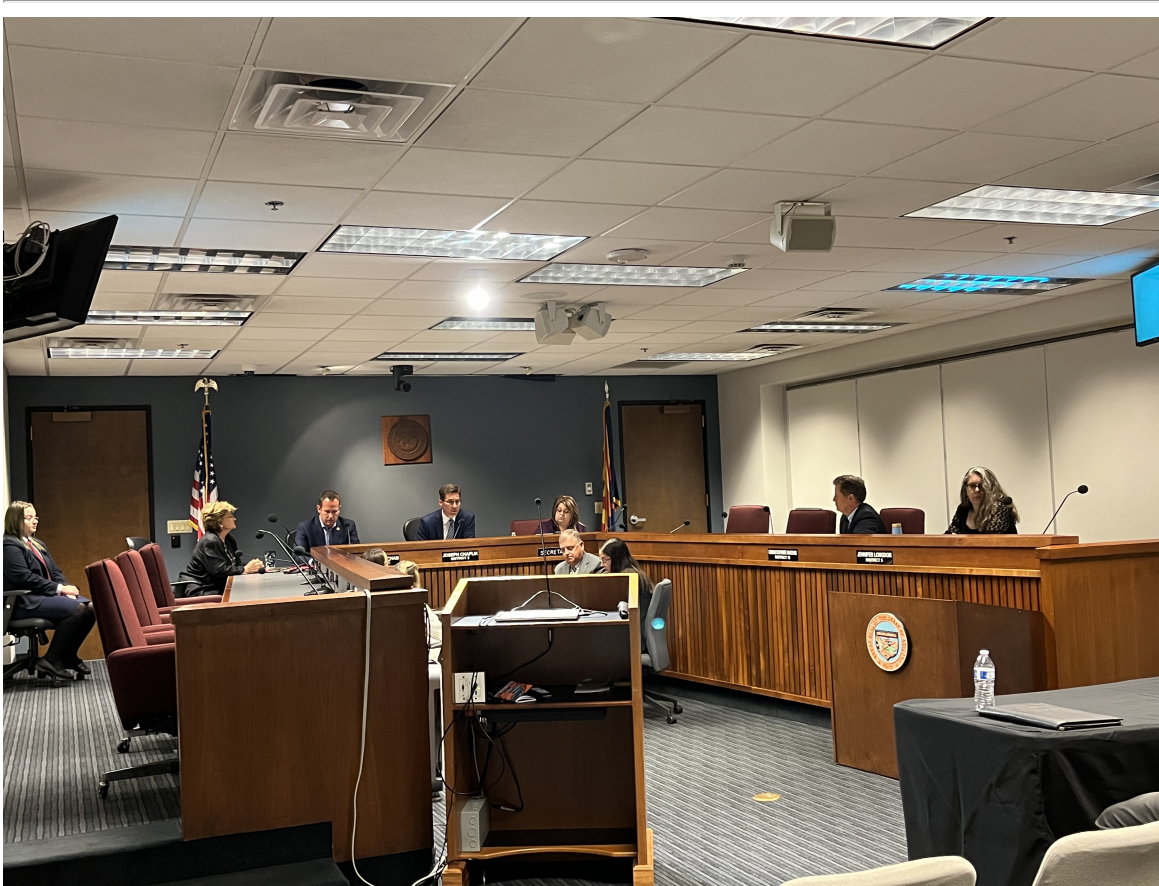

Tomorrow, Saturday, November 18th, we will be joining several partner organizations in hosting a town hall with representatives from legislative districts 9 and 13. It will take place from 3pm to 5pm. Legislators will be discussing and taking your questions on water as well as on economic and voting rights issues.

You can attend in person or via Zoom.

[RSVP here for in person.](#)

We hope you can make it. Watch for other upcoming town halls in this space too.

Don't forget that Environmental Day at the Capitol is January 25th from 8:30 AM to 2:00 PM. This year, our theme is **Save Water, Save Life**. Sign up now so you get all of the important preparation information leading up to the day. You can come for all or part of the day. We hope you can make it, but if you cannot, we will be livestreaming portions of the program to YouTube so you can view it there.

We will be focusing our lobbying efforts on water, although we will also include a few other issues, including key democracy bills.

You will hear from some great speakers, learn about what advocates from around the state are working on, and meet with legislators.
