

Endorsements and Results in the November 4, 2014 General Election in Northern California

This has been a great election for our endorsed environmental candidates and ballot measures. Over 75% of endorsed candidates and measures won or passed.

Thanks again to everyone who participated on an endorsement team or helped any of these candidates. Thanks also to all you who could only make time to vote. This was a low turn out election. Every vote mattered!

Please reach out to your newly elected representatives and congratulate them on winning.

Note: Ballots are still being counted, and some of the races are very close. The results that follow were announced before November 9th, 2014. The final results will be published after they are known.
