Re: Draft Environmental Impact Report, Moffett Park Specific Plan, File No. 2021080338

Dear Ms. King,

The staff and volunteers of the Loma Prieta Chapter of Sierra Club request a two-week extension to the comment period for response to the Draft Environmental Impact Report for Moffett Park Specific Plan released in December 2022. This would move the comment deadline from February 10, 2023 to February 24, 2023.

Many of our staff and volunteers have been adversely impacted by power and internet outages due to the historic storms inundating the Bay Area in addition to dealing with flooding and wind damage. As you know, this has been a very difficult period for many residents of the Bay Area. In addition, the DEIR comment period occurs over a holiday period where many people have family and community obligations.

We appreciate your consideration of this request.

Respectfully,

Susan DesJardin
Bay Alive Committee Chair

Jennifer Chang Hetterly
Bay Alive Coordinator
