Bay Area Air Quality Management District
375 Beale Street
Suite 600
San Francisco, CA 94105

To whom it may concern,

Please appoint Rob Rennie to another term on the board. Air quality has become a problem again- in the winter because of 1.4M wood fired smoke and in the summer because of the post pandemic commute. Diesel is one of the worst pollutants for lung health and continues to a problem in the heavily populated Silicon Valley.

We need board directors who are well informed and know the problem and will advocate for credible and feasible alternatives on BAAQMD like Rob Rennie.

BAAQMD is a large time commitment which is manageable with zoom in the nine-county Bay Area and continuing to provide options for directors will expand participation.

Signed,

A handwritten signature in black ink, appearing to read "Gladwyn d'Souza". The signature is fluid and cursive, written over a light blue horizontal line.
