

It Was a Picnic in the Park

Ranel Porter

A splendid time was had by all at the Sierra Club Santa Lucia Chapter's 55th Anniversary Celebration Picnic by the Ocean on Saturday, August 12, at Shamel Park in Cambria. The massive potluck featured updates on issues, introductions to the work of chapter committees, music, and bingo. Many thanks to Ranel Porter and her amazing Membership Team for pulling it off!

The California State Senate joins with the Sierra Club Santa Lucia Chapter in recognition of your 55th Anniversary Celebration.

Chapter Chair Carole Mintzer read a Certificate of Recognition from the California State Senate:

"In recognition since 1968 for 55 years of actively bringing the Sierra Club's mission to life in San Luis Obispo County by protecting wild places that can be explored and enjoyed. This has focused on the

practice and promotion of the responsible use of the Earth's ecosystems and resources. Locally this has been through education and advocacy on marine protection, land management, development of renewable energy, and environmental, social, and racial justice. This has resulted in many local victories and achievements throughout its history that benefited environmental protection.

Congratulations and best wishes for your continued success."

August 12th, 2023
Senator John Laird
17th District
