

## Where Do You Hike?

*By Carole Mintzer and Carolyn Miller*

The Santa Lucia Chapter Membership Committee wants to share our members' favorite San Luis Obispo County hiking trails with Chapter members. This will be especially helpful for members who are new to the area, but also for folks who have lived here longer and aren't aware of some of the county's amazing hiking trails. We're looking for easy, moderate, and difficult hikes.

Please fill out our [questionnaire](#) to share your favorite hikes. For each hike you recommend, answer as many questions as you can. If you can't answer all the questions, don't let that stop you. Just fill in what you can. We do not promise to include every trail that is nominated in the list, but want to find a few gems to help new members get outside and enjoy San Luis Obispo County's beautiful environment.

Thank you!!!
