

**Amar Mukunda  
for State Senator  
District 39**

[Amar Mukunda](#) has a master's degree in Energy and Infrastructure Engineering from Stanford University. As an entrepreneur he created and sold two companies. As a conflict mediator he initiates interfaith dialogues, and he helped build [Roca](#) into a large community-based gun violence and addiction prevention program. Amar Mukunda's solution to traffic congestion on I-270 is dramatic investments in public transportation such as Metro and rail. He also champions creation of clean energy opportunity zones to accelerate decarbonization and create a new base of local employment.

**It's Time for a New State Senator!**

The current state senator in district 39 blocks important legislation supported by the Sierra Club. The Sierra Club is confident that Amar Mukunda will be a much stronger advocate for the environment.
