This is an opportunity to learn about the Sierra Club's activities and conservation efforts. A leisurely morning hike with points of interest at both ends and peaceful lake views. From the Nimbus Flat parking lot, we'll follow the recreational trail along the shadier south shore of Lake Natoma to the historic district of Folsom, where we'll have brunch at the picnic tables at the old Powerhouse.

Approximately 12 miles round-trip, mostly flat, with a Light Rail shuttle option if you would like to leave early. Bring lunch and liquids. Trails are sometimes exposed; sunscreen is advised. No pets. Rain cancels. **Heat cancels (90 degrees maximum.)** Hike is limited to 15 participants.

The leader keeps a pace a bit on the slow side of moderate.

Leader: Shawn Britton, 408.242.5092 or [smbritton@comcast.net]...
