Subject: Working Lands Resolution

To the Santa Cruz County Board of Supervisors:

The Sierra Club urges the Board of Supervisors to postpone the Working Lands Resolution, currently on the consent agenda for the Tuesday Jan 13, 2015 meeting. There has not been adequate time for the public and interested parties to have an opportunity to review and comment on this resolution, which has significant implications to our local public spaces.

Yours Sincerely,

Erica Stanojevic
Secretary, Executive Committee
