Marita Macrae  
President  
Pittwater Natural Heritage Association (PNHA)

January 16<sup>th</sup>, 2019

Dear Ms. Macrae,

One of PNHA's members, Ms. Edna Blanchard recently visited Santa Cruz and attended a meeting of the Executive Committee of the Sierra Club, Santa Cruz County, CA Group. She described the work of PNHA and shared a copy of Issue 76 of the PNHA News. We were impressed with the many successes of your organization in habitat restoration, protection and advocacy. Your work on fauna corridors and better protection for biodiversity was of great interest to our committee members as was the excellent publication on Vine Weeds and alternatives, although we in Santa Cruz do not use nor recommend the use of glyphosate for invasive weed removal.

The Sierra Club would like to extend our felicitations and gratitude to you and PNHA and wish you every success for future projects. While our flora and fauna are different we share the common goal of environmental and biodiversity protection.

Sincerely,

Gillian

Gillian Greensite, Chair  
Sierra Club, Santa Cruz County Group
