

## Central San Joaquin Water Conservation District

(5-022.01 SAN JOAQUIN VALLEY EASTERN SAN JOAQUIN)

Point of Contact Information

Reid Roberts, Secretary  
 Central San Joaquin Water Conservation District  
 11 S. San Joaquin St Ste 306 | Stockton, CA 95202  
 (209) 466-7952 | [reidwroberts@gmail.com](mailto:reidwroberts@gmail.com)  
<http://www.csjwcd.com/>

**A GSA Eligibility Determination**

1. Provide a description of your local agency's water supply, water management, or land use responsibilities within the groundwater basin / basins intend to manage.

CSJWCD serves agricultural customers with Surface Water supply under a contract with the Bureau of Reclamation. Said supply is released from the New Melones Reservoir and distributed to various areas within the District.

2. Are you an "exclusive local agency" listed in [Water Code §10723\(c\)](#)?

No

**B Decision to Become a GSA**

1. Please enter the date your local agency, or agencies, decided to become or form a GSA.

01/26/2017

2. Upload a copy of the [Government Code §6066](#) notice.

[Proof of Publication.pdf \(292.9kB\)](#) Uploaded on 02/23/2017 at 09:58AM

[Notice 2017.pdf \(250.6kB\)](#) Uploaded on 02/23/2017 at 10:05AM

3. Upload a copy of resolution forming the new agency.

[Resolution.pdf \(753.3kB\)](#) Uploaded on 02/23/2017 at 09:58AM

4. If desired, please upload or provide additional information related to your local agency's decision to become or form a GSA.

In light of the District's delivery of Surface Water and the protection of the groundwater aquifer, the District is the logical and interested agency form a GSA and to be involved in the preparation and implementation of a GSP.

### C Type of GSA Formation and Contact Information

GSA Name

Central San Joaquin Water Conservation District

1. Select a Point of Contact (POC) for your GSA.

Reid Roberts

2. If you anticipate submitting multiple GSA notices on behalf of your local agency/GSA, please consider adding a "Local ID" for reference purpose distinctly identify separate areas you intend to manage.

3. Is this a Single-Agency or Multiple-Agency GSA?

SINGLE

### D Map & Service Area Boundaries

1. Select Basin(s)/Subbasin(s) to be managed by the GSA.

5-022.01 SAN JOAQUIN VALLEY EASTERN SAN JOAQUIN

2. Upload a PDF map that clearly defines: (1) the service area boundaries of each local agency that is part of your GSA; and (2) the boundaries of basin(s) or portion of the basin(s) your GSA intends to manage.

[CSJWCD Service Area.zip \(23.4kB\)](#) Uploaded on 06/23/2017 at 10:31AM

3. Upload service area boundary GIS shape file.

[ServiceArea.zip \(11.9kB\)](#) Uploaded on 03/14/2017 at 04:44PM

[SOI Boundary.zip \(5.8kB\)](#) Uploaded on 03/14/2017 at 04:44PM

4. Upload GSA area boundary GIS shape file.

[CSJWCD GSA.zip \(18.3kB\)](#) Uploaded on 06/23/2017 at 11:19AM

5. If desired, please provide information that clarifies your service area boundary and GSA boundary, if those boundaries are different.

### E Required Documents

1. Provide a list of interested parties developed pursuant to [Water Code Section 10723.2](#) and an explanation of how their interests will be considered in the development and operation of the GSA and the development and implementation of the GSP.

Holders of overlying groundwater rights, include: Agricultural users. CSJWCD is comprised of primarily agricultural irrigators. CSJWCD meets regularly with agricultural irrigators through Board Meetings, water delivery operations, and monitoring of groundwater extraction. The CSJWCD Board is comprised of agricultural irrigators. CSJWCD will consider the interests of agricultural users as holders of overlying groundwater rights during the development and implementation of the GSP. Domestic well owners. There are domestic well owners in CSJWCD. The CSJWCD will consider the interests of domestic well owners as holders of overlying groundwater rights, and conduct outreach efforts directly, through media or by other methods, when and where appropriate. Municipal well operators. There are no municipal well operators within CSJWCD. However, numerous municipal well operators are near or are adjacent to CSJWCD. The District will collaborate and work in close coordination with the County of San Joaquin, the City of Stockton, and other municipal well operators in preparation and implementation of the GSP. Public Water Systems. The CSJWCD will collaborate and work with The Farmington Water Company, the only public water system within the District, to ensure that its needs and operation of are considered and addressed. Local land use planning agencies. S.J. County exercises local land use planning over areas within CSJWCD. The District has an on-going relationship with S.J. County and meets regularly with County representatives to discuss issues related to the GSA and the development of a GSP. Environmental users of groundwater. CSJWCD has and will continue to work cooperatively with any State and Federal Government regulatory agencies and other environmental groups to address groundwater issues in developing the GSA. Surface water users, if there is a hydrologic connection between surface and groundwater bodies. The CSJWCD provides surface water within the GSA boundaries and has existing relationships with other surface water users adjacent to the District boundaries namely Stockton East Water District, City of Stockton, and S.J. County. CSJWCD will work with the surface water users within the District and those agencies supplying surface water immediately adjacent to the GSA and within the basin namely South San Joaquin WID, Oakdale Irrigation District, North San Joaquin WCD, and SEWD. Federal government, including, but not limited to, the military and managers of federal lands. The CSJWCD has a contractual relationship with the U.S. Bureau of Reclamation and will consider and collaborate as appropriate with them and U.S. Bureau of Land and Management, and the U.S. Fish and Wildlife Service, on issues within the CSJWCD. California Native

American tribes. There are no native tribes currently residing within the CSJWCD boundaries. Disadvantaged communities, including, but not limited to, those served by private domestic wells or small community systems. CSJWCD has identified disadvantaged communities using the DWR Disadvantaged Communities Mapping Tool in the proposed GSA boundary area. The District plans to work with S.J. County and other appropriate agencies to incorporate input from these communities and develop collaboration with these groups. Entities listed in Water Code §10927 that are monitoring and reporting groundwater elevations in all or part of a groundwater subbasin managed by the GSA. CSJWCD works with S.J. County and the Eastern San Joaquin Groundwater Basin Authority (GBA), which is the CSGEM monitoring entity to collect and report groundwater data. CSJWCD annually prepares a groundwater basin report to collect and report groundwater data. CSJWCD will continue to prepare an annual report regarding groundwater data. CSJWCD will continue to prepare an annual report regarding groundwater conditions underlying CSJWCD.

[List of Interested Parties.pdf \(171.2kB\)](#) Uploaded on 02/23/2017 at 09:57AM

2. Provide a list of the other agencies managing or proposing to manage groundwater within the basin, or upload a document or map that provides same information.

The County of San Joaquin The District will continue to work with the County, the GBA, and other interested parties on the development of the GSP. The CSJWCD intends to work cooperatively with other interests to resolve any existing governance issues and to work collaboratively to develop and implement GSPs within the subbasin. The SGMA Workgroup has developed a draft JPIA to develop and implement a GSP. San Joaquin County, through the SGMA Workgroup, is discussing, negotiating, and preparing a comprehensive map which will set forth all GSA boundaries.

3. Provide a description or upload a copy of any new by laws, ordinances, or new authorities adopted by the local agency.

There were no new by laws, ordinances, or new authorities enacted.
