## A GSA Eligibility Determination

1. Provide a description of your local agency's water supply, water management, or land use responsibilities within the groundwater basin / basins intend to manage.

The three members of the multi-agency Eastside San Joaquin Groundwater Sustainability Agency include Calaveras County Water District, Rock Creek Water District and Stanislaus County. Calaveras County Water District (CCWD) is a special district with a service jurisdiction that is contiguous with the boundary of Calaveras County. CCWD has the responsibility for groundwater management activities within the proposed area to be managed under this GSA within Calaveras County. CCWD's responsibilities as a special district include the provision of public water service, water supply development and planning, wastewater treatment and disposal and recycling, and groundwater management. The County of Stanislaus has land use responsibility for the area of the subbasin proposed to be managed under this GSA within Stanislaus County. Rock Creek Water District is a Special District within Stanislaus County that is responsible for the management of water supplies to supply irrigation to their approximately 1,844 acre service area.

2. Are you an "exclusive local agency" listed in [Water Code §10723\(c\)](#)?

No

5. If desired, please provide information that clarifies your service area boundary and GSA boundary, if those boundaries are different.

Calaveras County Water District and Stanislaus County have service areas that are contiguous with their respective counties. These service areas extend outside of the boundaries of the Eastern San Joaquin Groundwater subbasin and the Eastside San Joaquin GSA. Additionally, Stanislaus County only intends to manage those areas not currently managed by other GSAs or prospective GSAs within Stanislaus County. Stanislaus County and Rock Creek Water District have formally coordinated with South San Joaquin Irrigation District and Oakdale Irrigation District in Stanislaus County to ensure there is no overlap of GSA boundaries within Stanislaus County.

### E Required Documents

1. Provide a list of interested parties developed pursuant to [Water Code Section 10723.2](#) and an explanation of how their interests will be considered in the development and operation of the GSA and the development and implementation of the GSP.

Pursuant to Water Code section 10723.2, the Eastside ESJ GSA is committed to an open and inclusive process to implement SGMA and interested parties are identified in Exhibit "E".
