

Climate Parents
Science, Nature & Climate Resources for Kids
Resource During the Coronavirus

Hi there - thanks for making use of this resource. It's a growing list of science, nature, environmental, climate change, and energy resources for kids that's been compiled by the staff team of Climate Parents, a program of the National Sierra Club. Enjoy! If you have any additions or feedback, please email Sarah Turbow, Climate Parents' National Distributed Organizer at sarah.turbow@sierraclub.org

Activities

- Activities / Environment America: [Fifty Environmental Activities Kids Can Do From Home](#)
- Activities / Dr. Mirjam S. Glessmer: [24 Days of Kitchen Oceanography](#)

Coloring Books

- Coloring Books / Rachel Ignotofsky: [The Wonderful Workings of Planet Earth](#)

Digital Tours

- Digital Tour / Google Arts & Culture: [360 Views and Tours of National Parks](#)
- Digital Tour / Brooklyn Museum: [Climate in Crisis: Environmental Change in the Indigenous America](#)
- Digital Tour / Multiple Sources: [Virtual Field Trips](#) including of the San Diego Zoo, Mars, and Yellowstone National Park

Games

- Games / Smithsonian Science Education Center: [Science Games](#)

Interactive Opportunities

- Interactive Opportunity / [Skype a Scientist](#)

Live Cams

- Live Cam / People Magazine: [Master List of Live Cams from Zoos and Aquariums](#)
- Live Cam / Monterey Bay Aquarium: [Penguins, Jellies and More!](#)
- Live Cam / [San Diego Zoo](#)

Podcasts

- Podcasts / Tumble / Gen-Z: Tumble Science Podcast for Kids
- Podcasts / Stitcher & Bill Nye: Science Rules! with Bill Nye
- Podcasts / National Geographic: Overheard at National Geographic
- Podcasts / Alie Ward: Ologies with Alie Ward
- Podcasts / Nature.org: BirdNote
- Podcasts / NPR: Wow in the World
- Podcasts / WNYC: Radiolab (highly recommend digging into their archives)
