Cat Canyon California State Designated Oil and Gas Field  
Santa Barbara County, California**

Dear Mr. Zorovich:

Per our phone conversation on Friday October 30, 2019, Cat Canyon Resources, LLC (CCR), formerly known as Terracore Operating Company LLC, is writing to inform you that we are withdrawing the ERG West Cat Canyon Revitalization Plan Project (WCCRP) identified by case numbers 14PPP-00000-00001, 14DVP-00000-00009, and 15EIR-00000-00004 from further consideration by Santa Barbara County Planning Development (Lead Agency).

CCR has made this decision to focus on our existing operations and regulatory entitlements within the State Designated Cat Canyon Oil and Gas Field during these unprecedented times. The studies and data included in the preparation and impact review of the WCCRP represent valuable information that we plan to utilize for future project submittals to Santa Barbara County P&D for similar projects within our West Cat Canyon areas of operations.

We appreciate all the hard work that you and your staff have put into the WCCRP over the past six (6) years, and we look forward to working with you in the future.

Please let us know if you should have any questions or require additional information.

Regards,

Richard H. Field II
