### Dallas Sierra Club General Meeting via Zoom - Tuesday, May 12

The May 12 General Meeting will be held **online via Zoom**, not at Brookhaven College.

Dallas Sierra Club Chair, Dan Moulton PhD, will share thoughts and insights with his presentation, *Global Climate Change: Causation, Mitigation, & Adaptation*. A necessary topic in the best of times, climate change and its effects around the world are under more scrutiny than ever as countries are faced with the physical and biological effects of this growing crisis.

Daniel W. Moulton is a Wildlife Ecologist, Certified Wildlife Biologist, and College Professor. He has worked for the U.S. Fish and Wildlife Service in Hawaii and Maryland; the Maryland Wildlife Administration in Annapolis; and for over 20 years at the Texas Parks and Wildlife Dept. in Austin. His work at TPWD focused on wetland ecosystems all over Texas, but especially coastal wetlands. Now retired, Dan devotes himself to local environmental issues and is Chair of the Dallas Sierra Club and its Executive Committee.

From 6:30 to 7:00 p.m. you can log in to the meeting, chat, and ask questions. The meeting will begin at 7:00 with announcements, followed by Dan Moulton's presentation.
