Dallas Sierra Club News - November 2020

Dallas Sierra Club General Meeting via Zoom - Tuesday, November 10

The November 10 General Meeting will be held **online via Zoom**, not at Brookhaven College.

Clean Air Campaigns

Please join The Dallas Sierra Club in welcoming **Environment Texas** Clean Air Consultant, Catherine Fraser, as she details her work with leading clean air campaigns and reducing illegal air pollution from industrial facilities across Texas. There will be special focus on Texas' Permian Basin, where oil and natural gas are pumped out of the ground, into the air, and shipped through vast networks of pipelines that fuel homes, businesses, and dangerous petrochemical facilities across the state. Click [here](#) for Environment Texas' website.

From 6:45 to 7:00 p.m. you can log in to the meeting, chat, and ask questions. The meeting will begin at 7:00 with announcements, followed by our speaker's presentation.

How to join the meeting via Zoom:

The 2020 Green Source DFW Sustainable Leadership Awards

The 2020 Green Source DFW Sustainable Leadership Awards honor North Texas leaders in the environmental movement.

About this Event

The 9th annual Green Source DFW Sustainable Leadership Awards are presented by Green Source DFW and its parent nonprofit, the Memnosyne Institute. The awards aim to recognize people, businesses and groups in North Texas for their exceptional leadership in the enhancement and protection of the environment.

Don't Miss Our December Meeting

Please join us as we welcome Urban Ecological Engineering Professor, Dr. Fouad Jaber, from Texas A&M AgriLife Dallas as he discusses **Green Infrastructure: Ecological Engineering and Urban Waters**.

Cities face a slew of environmental and ecological problems as urban populations spike across the globe. Addressing water quantity and quality issues the "usual way" has resulted in severe impairment of water bodies and other ecological disturbances: increased waste, increased need for energy, increased need for land for food, increased CO2 production, disruption to wildlife corridors.

Limerick of the Month

With such majesty God did endow
All the trees that performed for us, wow!
 As the trees end their show,
 It is time we must go.
To the trees, I say, "Please, take a bough."

- by Kirk Miller

If you would like to submit an environmental limerick for our Limerick of the Month feature, send it to editors@dallassierraclub.org.

The Dallas Sierra Club News e-newsletter, sent monthly (and occasional for late-breaking news or events), keeps you up-to-date on meetings, activities, issues and special events. Visit us at www.DallasSierraClub.org.
