Earth Day has been celebrated across our country each April 22 since its inception in 1970. 20 million Americans participated in the first Earth Day in 1970 which had been organized by Wisconsin Governor and U.S. Senator Gaylord Nelson. Earth Day is celebrated across our country each April 22 with private and public events. Earth Day is meant for reflection on the outdoors and our environment and environmental protection.

Sierra Club Mission:

Explore, enjoy, and protect the wild places of the earth.
