

**JANUARY 6<sup>TH</sup>, 6:00 PM**  
**TITLETOWN BREWING COMPANY**

## **BACK 40 AWARENESS NIGHT!!!!**

**Become informed and learn how you can help stop this potential disaster on the banks of the Menominee**

It's no secret. Open pit sulfide mining is extremely dangerous to surrounding waterbodies. Aquila Mining Resources is attempting to break ground on a massive mine a mere 150 feet from the banks of the Menominee River. This represents a very legitimate threat to the health of one of the best smallmouth bass fisheries in the world, the surrounding lands, and the bay of Green Bay. Join us at Green Bay's original brewery and contribute to the fight!

### **The evening will feature:**

- A representative from the River Alliance of Wisconsin elaborating on the dangers of sulfide mining and Back 40
- Members of the Coalition to Save the Menominee River providing updated information on the status of the mine and details on how you can get involved
- Live auction featuring guided trips and gear
- Plenty of opportunities to donate to the cause!

### **Night will Entail:**

—————  
**Guest speaker from  
the River Alliance of  
Wisconsin**

—————  
**Guest speaker from  
The Coalition to Save  
the Menominee River**

### **Feature Film:**

—————  
<http://back40film.com/>

—————  
**Live Auction  
including great gear  
and guided trips!!!**
