

Happy New Year and Check Out Upcoming Events!

January 2, 2021

Hi everyone and Happy New Year!

This is the first legislative update of 2021 and includes information on upcoming workshops and events. On Friday, we will send you another update that will include more information on legislation.

See details below about Environmental Day at the Capitol and the workshops. We are also holding Zoom virtual meetings on most Mondays to update people on legislative and agency actions and share upcoming events, plus plan Environmental Day. Contact me if you would like to join those.

If you are not sure who your legislators are, just use this [Find My Legislator link](#) and enter your address. To contact legislators, go to [Members](#). You will find their phone numbers and email addresses.

Thank you for all of your good work. Be well and take care.

On Environmental Day, join hundreds of advocates from throughout Arizona in meeting with state legislators to promote environmental protection and justice, climate action, lands and wildlife

conservation, flowing rivers, democracy, and more, as well as to lobby on specific bills. We will also host a series of workshops to help you prepare and each group will have a team leader for their meetings with legislators. Due to COVID-19, our 2021 lobby day and all workshops leading up to it will be virtual as we put the health of participants and communities first. Here is a list of the workshops so far. We are still finalizing several.
