Sunnyvale City Council  
456 W. Olive Ave.  
P.O. Box 3707  
Sunnyvale, CA 94088-3707

Dear Council member:

On behalf of the 466 Sierra Club members who live in Sunnyvale I would like to strongly encourage you to support dedicated lanes for bus rapid transit in Sunnyvale.

As our population inevitably grows, bus rapid transit will replace a significant percentage of automobile travel along El Camino Real, reducing health damaging pollution, reducing greenhouse gas emissions, reducing noise pollution, and making our important El Camino business district more pedestrian and bicycle friendly.

Bus rapid transit will make it easier for many customers to reach businesses on and near El Camino Real, especially as population and congestion continues to increase into the future.

Additionally, bus rapid transit will provide much needed infrastructure enhancements at no cost to the city.

Let's bring our communities into the 21<sup>st</sup> century with 21<sup>st</sup> century bus rapid transit.

Thank you for your consideration of this request.

Ginny Laibl  
Chair, Sierra Club Loma Prieta Chapter

Gladwyn D'Souza  
Chair, Transportation Committee
