

Greetings, Members and Friends of the Sierra Club Alamo Group!

Our next General Meeting will be on Tuesday, October 20th, starting at 6:00 pm. As always, this meeting is free and open to the public.

An Evening with Celina Montoya Democratic Candidate for Texas House District 121

Celina Montoya knows that climate change is happening, and the implications are significant. As she says, “This is not a partisan issue and we have to fight against such characterizations. Texas is a leader in wind and solar energy, and we can remain an energy leader in the 21st century by investing in renewable energies and creating green jobs. If we want clean air and water for our children to breathe and drink, it means we must be serious about regulating emissions and holding corporations and individuals accountable with real penalties when they pollute our environment. We must take climate change into account as we plan for the future and engage with scientists who are studying the effects of climate change and the human activities that lead to it.” For this and other reasons, Sierra Club has endorsed Celina in the upcoming 2020 election.

About our Speaker:

This is Celina’s second race against Steve Allison, to whom she lost in in 2018 by only a small margin. Celina is a graduate of Alamo Heights High School, and Northwest University where she earned a degree in journalism. She has been a reporter for Texas Public Radio, and started Literacy San Antonio, one of many nonprofits with which she has been involved. As VP of Community and Government Relations at a local business, she has experience negotiating with state and local governments for small business legislation. Issues of importance to her include fully funding public education, helping small businesses with long term strategic growth, investing in work force and infrastructure growth, and especially expanding health care for uninsured Texans, veterans, and special needs children.
