

Sierra Club Atlantic Chapter (SCAC) Energy Committee: Meets every other Monday night at 7:00 pm via Zoom. This committee works to reduce greenhouse gas emissions, discourage new fossil fuel facilities, and promote the transition to renewable energy. Take action on projects across NY State, including opposition to energy-guzzling bitcoin mining plants and support for siting wind and solar projects. Time: 4 or more hours/month. Interested? Contact Energy Committee Chair Bob Ciesielski at rmciesie@yahoo.com.
