Dear Mr. Gallant,

Thank you for contacting Governor Larry Hogan regarding the I-495 & I-270 Managed Lanes Study. I am honored to respond on behalf of the Hogan Administration.

The Final Environmental Impact Statement (FEIS), similar to the Draft Environmental Impact Statement and Supplemental Draft Environmental Impact Statement, are official documents for which the integrity of the content needs to be protected. As such, each document was released as a secured PDF to ensure the information in the document would

not be manipulated. The customer-friendly PDF format also offers graphic integrity and preserves intended content and layout regardless of the operating system, device, or software application it is viewed on. All content in the FEIS can be read, printed, referenced, and shared.

Thank you again for contacting the Governor. We appreciate hearing from you. If you need further assistance, please feel free to contact me.

Sincerely,

Jeffrey T. Folden, PE, DBIA

Mr. Andrew Gallant

I cannot even copy/paste text from MLS FEIS PDF files. The MLS FEIS .pdf files are password protected. I can't even copy text to paste into an email. What am I able to do? Nothing but look and don't touch? This is terrible customer service. <Survey Comments>.
