

Natural Science Section, Angeles Chapter, Sierra Club

Do you know what kind of flower that is?

What made those tracks?

Why do those rocks look that way?

What kind of bird is that?

What kind of tree is that?

If you have an inquiring mind, or a store of knowledge to share about the natural world, then the Natural Science Section is perfect for you—join today!

- To increase your knowledge of the flora, fauna, geology, and ecology of Southern California.
- To aid in the preservation of the environment.
- To foster greater appreciation of flora, fauna, geology, and ecology of Southern California within the Sierra Club.
- To become a leader who can give accurate natural science information.

The easiest way to learn about the activities of the Natural Science Section of the Angeles Chapter of the Sierra Club is to become a member and receive the newsletter, *Naturalist Notes*. Membership is free! Simply email the following information to naturalsciencesection@earthlink.net:
