# **Upcoming Programs for February & March 2021**

**General Meeting & Sustainable Speakers Series** 

Tuesday, February 9, 2021 7:00 PM to 8:30 PM EDT

Composting: Changing a Problem to a Benefit

**Kyra Levau**, Orange County Solid Waste Management Education and Outreach Coordinator, will review the "ins and outs" of composting in Orange County. Kyra will talk about the program history, waste composition in OC, the food waste collection program (a pilot program in a residential neighborhood) and commercial composting service for restaurants and businesses.

Kyra graduated from NC State University with a degree in Environmental Science. Kyra currently develops and conducts educational workshops and webinars, advertising campaigns, community events, social media content and flyers.

## **General Meeting & Sustainable Speakers Series**

Tuesday, March 9, 2021 7:00 PM to 8:30 PM EDT

## **Update from NC Conservation Network**

Guest speaker, **Stephanie Bishop Schweickert** will give us an overview of the advocacy timeline at the state level for 2021 and share some issues that we're likely to see at the state legislature. She'll also go more in-depth on forever chemicals/PFAS.

Stephanie is the Senior Campaign Organizer for **NC Conservation Network**. She coordinates issue campaigns and oversees programs to strengthen the environmental community's work, build leadership, and mobilize activists.

"Save Our Trees" Petition & AddUP Campaign

The Piedmont Plateau Executive Committee is pleased to sponsor the "Save Our Trees" campaign, which is based on an in-depth study of the global, national and local crises that have been caused by clear-cutting and deforestation. The study, conducted by PPG in 2019 and 2020, was the basis for the "Where Have All the Forests Gone?" Slideshow, the October "Save Our Trees" Forum, as well as a Sierra Club AddUP Campaign. The study serves as a reminder: **We cannot fight climate change and diseases without our forests! We must take immediate action to Save Our Trees!**

### From the North Carolina Chapter of Sierra Club:

Transportation emissions are the No. 1 source of greenhouse gas emissions contributing to climate change in the United States. Let's make North Carolina the "Green Roads State" - Sign our petition to ask for electric vehicle charging stations in every state park!

### Sierra Club AddUP Campaign:

Thanks to people like you, we put climate on the agenda for President Biden's first 100 days in office. Thank him for his commitment to climate action and call on him to do even more. Thank President Biden For Acting on Climate - and Ask Him to Do More

### Sierra Club Statement of Purpose

- To explore and protect the wild places of the Earth.
- To practice and promote the responsible use of the Earth's ecosystems and resources.
- To educate and enlist humanity to protect and restore the quality of the natural and human environment.
