May 2022

Coming Up:

Drawdown Georgia:

A Roadmap For Homegrown Climate Solutions

Speaker:

Blair Beasley,
Director of Climate Strategies

The Ray C. Anderson
Foundation

Thursday, May 5 | 7:00pm
Online via Zoom

Blair will share a case study for state-based climate action.

[Drawdown Georgia](#) is the first state-centered climate solutions roadmap directly inspired by Project Drawdown. Leading researchers in Georgia came together to localize the [Project Drawdown framework](#), resulting in a set of 20 high-impact climate solutions that can significantly cut greenhouse gas emissions in the state this decade. Since that research was released in October 2020, the Foundation has been working with partners across Georgia to grow these solutions in ways that advance equity, grow jobs, improve public health, and nourish the natural environment.

Save the Date Film Screening: **2040**

Thursday, June 2 | 7pm

2040 is a hybrid feature documentary with a positive vision of what 'could be' - the steps we can take to reverse global warming and improve the lives of every living thing in the process.

View Recording: **Heat Risk in Charleston**

At our April program, speakers from the Charleston Medical District and Climate Adaptation Partners described increases in extreme heat and associated health implications, as well as ways to better integrate heat risk into local planning and investments.

Upcoming Outing!

Canoe / Kayak on the Little Pee Dee River

Thursday, April 28
Trip Leader: Bill Turner

Difficulty level: Moderate

Five miles above its confluence with the Great Pee Dee, the Little Pee Dee divides and braids through a primordial cypress swamp into multiple interconnected channels, creating one of the most beautiful, unique, and secluded paddling experiences in the South Carolina coastal plain. This is a loop trip. Participants should be comfortable with some upstream paddling and maneuvering boats through tight passages, so this is not for beginners.

Check Out the Electric Lawn Care Expo

The City and County of Charleston are partnering together to plan this event on April 30. If you're interested in switching over to an electric mower, leaf blower or other equipment, this is a great chance to "kick the tires" and make a purchase.

The first 40 **City & County residents will receive a voucher for \$50 off the purchase** of eligible electric lawn equipment. (*One voucher per household)

****Volunteers Needed****

Lawn Care of the Future!

Join an **ELECTRIC LAWN CARE EXPO** to try, see and buy!

Sat. April 30 | 10 AM - 2 PM

Lowes

3125 Glenn McConnell Pkwy., Charleston, SC

Benefits of Electric Equipment

- Quieter
- Protects clean air, water & health
- Combats climate change
- Reduces maintenance costs and easier to use
- Proven reliable and powerful
- Competitive pricing

For EXPO info: www.charleston-sc.gov/electric-lawn-care

**2nd Annual
Tour de
Earth Day**

2nd Annual Tour de Earth Day

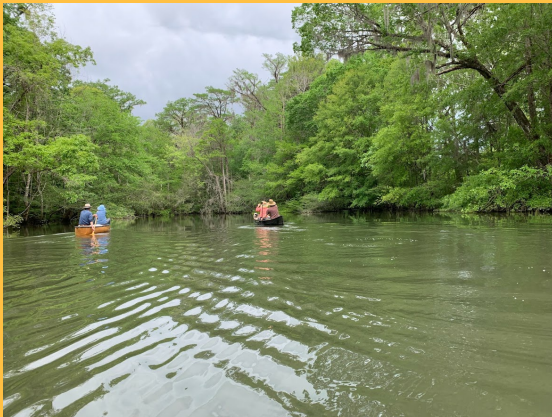

Saturday, April 23

10:30am to 2:00pm

Harmon Field,
201 President St.
Charleston

The Charleston Climate Coalition and Sustainable Ocean Alliance Charleston invite you to join us on Tour de Earth Day 2022 on April 23rd, a slow roll bike ride through the urban ecostops of Downtown Charleston.

Recent Outing

A Good Time on Guillard Lake...

Thanks to trip leader, Bill Turner and everyone who came out for the paddle on April 16. Originally planned for Wambaw Creek, the group decided to make a detour to this nearby oxbow lake and cypress swamp on the edge of the Santee River. Despite a few showers, a great time was had by all.

Thanks to Our 2022 Auction Donors
