

Getting It in Gear

Your next EV seminar is on Sept. 27

Our Chapter was pleased to co-sponsor Uniting the Central Coast for Action's amazingly comprehensive Electric Vehicle seminar on Aug. 4, Maximizing the Value of EVs.

If you were one of the 238 registrants for that event, we have good news. And if you weren't, we have even better news: Part 2 in this series is scheduled for September 27.

Watch your e-mail for details!
