

Tennes-Sierran

The monthly state newsletter for the Tennessee Chapter Sierra Club

Volume 39, Number 9 - October, 2008

Tennessee Chapter Makes Legislative Endorsements

The Tennessee Chapter has finished a first round of endorsements in state legislative races. These candidates have been voted upon by the chapter political committee and the chapter executive committee. The first round of endorsements was basically incumbents, and the committees considered their recorded voting records on environmental issues. Other factors that went into the endorsements include: position in the party, rank in the House or Senate, long history of being a friend, behind the scenes help and committee assignments. The endorsements are:

Candidate		District
House		
Jim Hackworth	D	33
Mike McDonald	D	44
Stratton Bone	D	46
Kent Coleman	D	49
Gary Moore	D	50
Mike Turner	D	51
Mike Stewart	D	52
Janie Sontany	D	53
Brenda Gilmore	D	54
Gary Odom	D	55
Beth Harwell	R	56
Sherry Jones	D	59
Ben West	D	60
Bob Bibb	D	66
David Shepard	D	69
Jeanne Richardson	D	89
Mike Kernell	D	93
Eddie Yokely,	D	11
Bill Dunn,	R	16
David Seal,	I	17
John Dowdy,	D	94
Senate		
Jamie Woodson	R	6
Joe Haynes	D	20
Jim Kyle	D	28
Beverly Marrero	D	30
Mark Norris	R	32
Jim Hawkins,	D	18
Randy Camp,	D	26

**Bill Terry & Penny Brooks, Co-Chairs
Chapter Political & Legislative Committees**

At the end of the 2008 session, Chapter Legislative Committee Co-Chair Bill Terry and Chapter Lobbyist Mike Murphy presented Senator Mark Norris with a special recognition award for his valuable work and leadership in passing the budget bill last year that included the funds for the North Cumberland Plateau land acquisition program. Senator Norris was instrumental in keeping these funds in the approved budget. The Tennessee Chapter gives Senator Norris a hearty thank you.

Now you can receive your
Tennes-Sierran
via email

Subscribe simply by going to

<http://tennessee.sierraclub.org/mtg/subscribe.htm>

How does it work? Monthly you will receive an email notification and download link for your new Tennes-Sierran in a special email alert. All you will have to do is click on the link and presto, your Tennes-Sierran will appear in an Adobe Acrobat PDF format. View it, download it, save it but whatever the case you will be saving trees, and freeing Tennessee Chapter club funding to work for other conservation efforts. A double whammy win situation!

**So Join the Crowd
and Go Paperless Today!**

Project Director Job

The Model Forest Policy Program [www.mfpp.org] is seeking an experienced project director to lead a new multi-year project with the City of Cookeville/Putnam County to enhance their climate action plans with forest stewardship measures to protect water resources and mitigate climate change. We are seeking an energetic, self-reliant leader with demonstrated success as an organizer, networker, and facilitator. Please send resume/cover letter to: gilngll@aol.com

Email: lbaker@usw.org
Snail Mail: Lynne Baker, Tennes-Sierran Editor
108 Pepper Ridge Circle, Antioch, TN 37013
(615) 831-6782

ARTICLE SUBMISSION GUIDELINES:

Submission DEADLINE is the 10th of the month preceding the new month's issue.

1. Email and email attached files are preferred. Send to lbaker@usw.org either with embedded text messages, or attached files in PC-based formats. Attached files are preferred. Mac users should embed text in body of an email message only.

2. Photographs should be scanned in a .jpg or .tif file format then either attached to email or mailed via US Postal Service (USPS) on a 3 1/2 diskette or CD Rom. Please include a stamped, self-addressed envelope if you would like your diskette or photo prints returned.

3. Hard-copy handwritten or typewritten articles may be accepted; however, pre-approval from the Editor is required.
4. Any materials submitted via USPS mail cannot be returned unless a stamped, self-addressed envelope is provided.

The opinions expressed in the Tennes-Sierran are those of the contributors and do not necessarily reflect the official views or policies of the Tennessee Chapter, or the Sierra Club.

Middle Tennessee Group Offers Volunteer Opportunity

MTG has a great volunteer opportunity for someone who would like to help the Sierra Club through a specific task. Our program chair has retired from the position after two years, but she has already scheduled speakers through the end of the year! This means that a new volunteer could have time to ease into the responsibilities. Training provided. Contact Adelle Wood for more info. 665-1010, adelleintn@juno.com.

Explore, enjoy and protect the planet.

With your help, we can clean up our water.

Over the last 30 years, we've made great progress cleaning up our water. But the Bush Administration is threatening that progress, proposing that "isolated" small streams, ponds and wetlands no longer be covered under the Clean Water Act. Work with us to strengthen the Clean Water Act and its enforcement. Together we can leave our children a legacy of clean water, air and wild lands.

Keep our water safe. Join Sierra Club.

TDEC Offers Free Radon Test Kits

The Tennessee Department of Environment and Conservation is offering free single-use radon test kits and educational brochures on radon-resistant new construction techniques to Tennessee residents at their local Ground Water Protection Division offices, via email or a toll-free phone call.

According to US EPA estimates, radon is the number one cause of lung cancer among non-smokers. It is the second leading cause of lung cancer in the United States overall.

"Preventing exposure to radon is extremely important," said Lori Munkeboe, director of Environment and Conservation's Office of

Environmental Assistance. "By utilizing new construction techniques that make homes resistant to this gas or by correcting high radon levels in existing homes, Tennesseans can protect themselves and their families."

"The only way to know if a home has elevated radon levels is to test," said Amy Inabinet of the Tennessee Radon Program. "We encourage all Tennesseans to take action to identify and to fix radon problems in their homes."

For information on how to order a free test kit and prevent radon exposure, contact the Tennessee Radon Program by phone at 1-800-232-1139 or e-mail at TDEC.Radon@state.tn.us.

Call for Potential Candidates

State of Franklin Group Executive Committee

The State of Franklin Group solicits interested members to run for executive committee positions for 2009-2011. Please contact Tom Mozen at mozenetc@yahoo.com or (423) 232-0827 before October 10, 2008 if you are interested in being considered to run for an executive committee position.

Cherokee Group Executive Committee

Cherokee Group is looking for members interested in serving on their executive committee. Please contact Katherine Pendleton for additional information at 615-943-6877 or Katibug1959@aol.com before October 10, 2008 if you are interested in being considered to run for an executive committee position.

Chickasaw Group Executive Committee

Please send your contact information and a paragraph about why you want to be on the Excom (or why you are nominating someone) and what you can contribute to the group's efforts. Nominees must be Sierra Club members and live in West Tennessee. Send information to Judith Hammond at (901) 276-2819, judithhammond@bellsouth.net

Middle Tennessee Group Executive Committee

The nominating committee of the Middle Tennessee Group requests nominations to the executive committee for a two-year term

beginning in January 2009. We are seeking members who care about environmental issues and who are willing to accept the responsibilities of the office. The executive committee meets in Nashville on the fourth Tuesday of each month, and we would ask you to be willing to attend and participate in those meetings. The program meetings are held on the second Thursday of each month, and we would welcome your attendance and participation there as well. We would also ask you to participate by working on or chairing one of our standing committees, including programs, outings, conservation, membership, or legislative/political.

This year the terms of four current members expire or have been vacated, so this is an excellent opportunity to become involved. We are happy to provide training and guidance to new delegates, and we are always in need of fresh perspectives and input.

Please seriously consider this opportunity. In these times when our environmental protections are being eroded, we need volunteers more than ever. The nominating committee will consider all potential candidates, and candidates may also qualify by petition. To nominate yourself or to nominate another candidate, or to receive more information, please contact Dave Bordenkircher at (615) 333-3377 or Dabordenkircher@mindspring.com. The deadline for receiving your nomination is October 10. After agreement to run for office, we will ask you to submit a small ballot write-up about yourself, which will be published in the November newsletter.

Corner

The Chair's

Dear Tennessee Chapter Members,

As we move into autumn, it is a good time to reflect on some of our recent successes. The Watauga Group had a bountiful harvest from their community garden during the growing season, providing organic produce to their community and to chapter supported events. The Chickasaw Group co-sponsored a sustainability summit in Memphis the end of September that brought people together for generating support for a sustainable Tennessee. The Tennessee Chapter and Watauga Group sponsored a national level outings leader training the last weekend in September that drew participants from across the nation. The Middle Tennessee Group helped stop a sprawl issue in the Bells Bend area of Davidson County. Cherokee Group continues to regularly hold re-organizational meetings.

Clark Buchner and I represented our chapter at the Council of Club Leaders meetings in San Francisco during the week of the Sierra Club annual meeting in September (Clark was our CCL delegate and I was our alternate delegate). We learned of upcoming funding changes that will affect the Tennessee Chapter. Our own Tennessee Chapter member, National Board of Director Jeremy Doochin, is planning on attending our quarterly chapter meeting later this month and wishes to speak to us about changes in our club. Please plan on attending our chapter meeting October 24-26 and meet and speak with Jeremy.

Congratulations go to Ann Harris from the State of Franklin Group for receiving the 2008 National Sierra Club Special Recognition Award for her anti-nuclear work. A full story and photo will appear in the November Tennes-Sierran.

I will be attending the Georgia Chapter retreat October 17-19 at Cohutta Lodge in the northern Georgia mountains. Registration is still open for this event. If you are interested in attending, please contact me. Jeremy Doochin and I attended this event last year held on the Georgia coast, which was enjoyable and an opportunity to get to know our Georgia neighbors.

There will be an outings leader retreat at Foster Falls near Tracy City October 31-November 2. This car camping outing is open to all current and potential outings leaders as well as to those who enjoy participating in outings. Please contact me for more information.

Many thanks go to those of you across the chapter serving this year on Executive Committee Nominating Committees. Next month, you will receive your ballots for the group and chapter fall elections. Please take a few moments of your time and vote. I want to thank everyone who agreed to run for group or chapter positions.

I look forward to seeing you at the chapter meeting later this month.

Enjoy the changes of the season and the beauty of the foliage.

Katherine Pendleton
Chair, Tennessee Chapter Sierra Club

Meetings

HARVEY BROOME GROUP (Knoxville)

OCTOBER PROGRAM MEETING: Tuesday, October 14, 7:30 p.m., Tennessee Valley Unitarian-Universalist Church 2931 Kingston Pike.

Stephen Lyn Bales, marketing manager and naturalist for Ijams Nature Center, presents "Ijams: Past, Present and Future," an overview of Knoxville's foremost natural jewel during its nearly 100 years. "Lyn" is a native of Gatlinburg and in addition to working at the nature center, writes regular columns in the "Farragutpress" and bimonthly Hellbender Press. He is also author of *Natural Histories: Stories from the Tennessee Valley* (University of Tennessee Press, 2007). He will devote particular attention to the recent acquisition of and future plans for the so-called "Dry Quarry Area" near Meads Quarry, which brings the size of the nature center to about 278 acres. Everyone is welcome. For information, call John Finger at (865) 573-5908.

NOVEMBER PROGRAM MEETING: Tuesday, November 11, 7:30 p.m., Tennessee Valley Unitarian-Universalist Church, 2931 Kingston Pike

Maryville backpacker Bert Emerson presents "From Canada to Mexico: Hiking the Continental Divide Trail," showcasing his recent trek of some 2,800 miles through varied terrain and challenging circumstances: snow and freezing rain in the Rocky Mountains, searing desert heat in New Mexico, logistical snafus, and just plain exhaustion. In the end the scenery, animals, solitude, and occasional socializing with humans made it all worthwhile. Bert has joined an exclusive club of fewer than 80 individuals who have traversed all of the "Triple Crown" trail routes: The Appalachian, Pacific Crest, and Continental Divide trails. (HBG guests may recall his excellent program of July 2006 on the AT and PCT.) Everyone is welcome. For information, call John Finger at (865) 573-5908.

MIDDLE TENNESSEE GROUP (Nashville)

PROGRAM MEETING: Thursday, October 9, 7:00 p.m. at Radnor Lake Visitor Center, 1160 Otter Creek Road, Nashville.

Do you remember what the night sky was like when you were a child? If you were a child long enough ago, you know there are millions of stars out there, but we can't see them because of light pollution. The October 9 program on Light Pollution and Light Trespass will be presented by Sierra member Joseph M. Boyd, Jr. J.D. Boyd is an attorney by profession and an amateur astronomer. He has studied light pollution over the past several years, and will talk about the effects of light pollution and trespass on the health of persons, the waste of energy and natural resources, safety, and economics.

He is a member of the International Dark Sky Association and is a past president of the Barnard-Seyfert Astronomical Society of Nashville.

A Korean War veteran of the U. S. Navy, Boyd graduated from Vanderbilt University and the Vanderbilt University School of Law. He lived in Dyersburg, Tenn., for many years where he was engaged in private law practice and served as executive director of the Dyersburg Housing Authority and district attorney for the 29th Judicial District. Since moving to Nashville, he served as general counsel for the Tennessee Department of Mental Health and Mental Retardation. He has taught legal courses as an adjunct faculty member at Dyersburg State Community College and Volunteer State Community College, and presently teaches parale-

gal courses at the Kaplan Career Institute (formerly the Southeastern Paralegal Institute).

Join us for an evening with the stars!

STRATEGY MEETING: Tuesday, October 28 at 6:30 p.m. in the old St. Bernard's Academy Building, 2021 21st Avenue South, 4th floor.

Conservation issues are first on the agenda, and all members are invited to attend this conservation and administrative meeting to get the news on what's happening in our Middle Tennessee Group. We welcome you to be with us to learn about the group's conservation initiatives and community activities. For more information regarding the meetings, send a message to Rachel Floyd at rfloyd557@bellsouth.net or call 792-2590. If you come to the meeting and the building doors are locked, call Rachel's cell at 406-9204.

STATE OF FRANKLIN GROUP (Tri-Cities)

STRATEGY/PROGRAM MONTHLY MEETING:, Oct. 1, 6:00 p.m., at the "The Acoustic Coffee House- Next Door" at 450 West Walnut in Ole Town Johnson City.

A letter writing initiative to our political representatives in Congress to voice support for key issues involving the Sierra Club's need for support. Contact Tom Mozen at mozenetc@yahoo.com or 423-232-0827 for more information.

UPPER CUMBERLAND GROUP (Cookeville)

MEETING: Every 4th Thursday at 7 p.m. in the downstairs meeting room of the Putnam County Library.

Alternating program meeting with planning meetings every other month. For more information, contact Mary Mastin at marymastin@twlakes.net or (931) 268-2938.

CHEROKEE GROUP—UNDER RE-ORGANIZATION (Chattanooga)

MEETING: Monday, October 27, 2008 from 6-8 p.m. at the Hamilton County Bicentennial Library in downtown Chattanooga. For additional information, contact Barbara Kelly at 423-718-5009 or rpyle@chattanooga.net.

CHICKASAW GROUP (Memphis)

Monthly First Thursday Members Gathering:

October 2 & November 6, 5:30-7:00pm -- Otherlands, 641 South Cooper, Memphis, TN -- Join us for Chickasaw Group's "First Thursday" monthly gathering where Sierra Club members, activists and friends can meet in a casual setting to talk about issues and interests. Anyone interested in learning about the Sierra Club is invited. For more information, contact Juliet Jones at (901) 374-0582 or juliet101@comcast.net.

Political Committee Meeting: October 2, 7:00pm, Otherlands, 641 S Cooper St. Memphis. (after 1st Thursday gathering.)

Committee members must be members of the Sierra Club. Contact: Sue A. Williams, 274-0524 or z4cmv@juno.com for more information.

If you would like to make a difference in deciding who is elected to government positions, join the group political committee! The upcoming presidential, House of Representatives and Senate campaigns will be an opportunity to let our members know who the club has endorsed. The committee

also works with the Chapter (statewide) Political Committee regarding state legislature endorsements. Electing the right people makes a difference for all areas of the environment.

The Chickasaw Group's political committee makes recommendations regarding endorsements of local candidates by the Sierra Club, based upon the candidates' record or responses to our questionnaire. We will have an opportunity to endorse a candidate on the Memphis City Council due to the resignation of the incumbent.

VOLUNTEER OPPORTUNITY: Must be a Sierra Club member. We need someone to monitor the Shelby County Commission committee and regular agendas. This requires email and will take about 2 hours per month. Contact: Sue A. Williams, 274-0524 or z4cmv@juno.com for more information.

Chickasaw Group Strategy Meeting: October 13 & November 10, 6:30pm - Prescott Memorial Baptist Church, 961 Getwell, Memphis, TN. -- This meeting of the Executive Committee is open also to all members of the Sierra Club. Contact Nancy Ream by October 10 (October meeting) or November 7 (November meeting) to place items on the agenda: (901) 759-9416 or njream@aol.com.

Chickasaw Group Sierra Club Program Meeting: "What Is E-Waste?" Thursday, October 23, 6:30-8:00pm, Benjamin Hooks Central Library, 3030 Poplar Avenue.

It's all around and can be a mess if not done properly...that's disposal of e-waste. Karen Birkenstock of 5R will provide insight into e-waste, such as TVs -- How is the problem of proper disposal being addressed and what are current industry practices? She will also provide a short presentation on local e-waste recycler, 5R, and their capabilities. For more information, contact Tom Lawrence at (901) 237-4819 or bus@thecave.com

TELEVISION PROGRAM:

WPYL - Channel 18, Memphis, Tenn. - Mondays at 1:30am, Tuesdays at 3:30am and 10:00pm, Wednesdays at 8:00pm, Thursdays at 5:30am and noon, Fridays at 11:30pm, and Sundays at 2:00am and 11:00pm.

"The Nature of Conservation" is the Sierra Club's Chickasaw Group TV Program on cable channel 18. For complete schedule listings on cable channel 18, please see the website: www.memphislibrary.org/tlc18/schedule. For more information about "The Nature of Conservation," or if any groups or individuals in the community have a special concern and would like to see a program on it, please contact Judith Rutschman at (901) 767-5916 or rutschman@rhodes.edu

A Yahoo Group for the Sierra Club

Sierra Club-Chickasaw Group and Friends is a Yahoo group for members and friends of the Chickasaw Group of the Sierra Club (Memphis/West TN). It is an announcement-only email list to send notices of upcoming events and other "green" information of local interest. All announcements are accessible to the public, so you can look up the latest posts anytime! To view and/or join the Yahoo group, go to <http://groups.yahoo.com/group/sierraclub-chickasaw/>

WATAUGA GROUP (North Eastern TN)

PROGRAM MEETINGS: Every second Tuesday at 7 p.m. Please contact Gloria Griffith at gla4797@earthlink.net or 423-727-4797 for more information.

Chickasaw Group News

(Contributed by Various Members)

August Program Focused on Hazardous Waste Removal

Lisa Williams of the Shelby County Household Hazardous Waste Facility gave a presentation at the Chickasaw Group Meeting on August 28 at the Benjamin Hooks Central Library on Poplar in Memphis. She said that latex paint is one of the most frequently disposed items. If dried with cat litter it can simply be placed with other garbage for pick-up. It does not need to be brought to the Hazardous Waste Facility unless it is still liquid.

The facility is open on Tuesdays and Saturdays from 8:30am until 1:00pm. It is located at 6305 Haley Road in Shelby Farms Park and is open to residents of Shelby County only. NO TELEVISION SETS ARE ACCEPTED. One computer, including monitor, keyboard, and printer will be accepted per household. There is a limit of 100 pounds or 15 gallons of waste accepted per vehicle per month. For more information, call the recycle hotline at (901) 379-4460.

Water Sentinels Reach Out to Hunters, Anglers at Sports Show

The Tennessee Water Sentinels recently conducted hunter - angler outreach at the Mid-South Hunting and Fishing Extravaganza in Memphis, which was organized by the Tennessee Wildlife Federation. This type of outreach hasn't been done much, with the Chickasaw Group's previous effort being the Ducks Unlimited Great Outdoors Festival in 2004.

Working a hunting and fishing show exposes Sierra Club volunteers to a different audience than our usual information table venues. It isn't "preaching to the choir." Occasionally, when discussing issues with visitors to our table, we had to work hard to overcome skepticism and distrust when we heard comments that the Sierra Club opposes hunting and fishing and supports gun control. We also heard that America needs to allow more domestic drilling for oil to reduce gas prices, and we tried to counter those arguments with positive responses, however, some of those people still walked away skeptical of our organization.

Carl Pope said it best in an article in the May/June 1996 Sierra Magazine article, 'Ways and Means: A Sporting Chance:' "Most often, urban environmentalists and hunters are divided over philosophical and cultural differences that are clearly tangential to conservation goals: for example, animal rights or gun control. While the Sierra Club takes no position on either issue, perceived differences have often translated into mutual distrust and wariness to the detriment of all concerned." For the full article, go to:

FALL FAMILY MEETING

Friday-Sunday October 24 - 26

Pickett State Park

*Enjoy beautiful autumn weather and fall colors without having to fight the crowds.
Have we got a deal for you!*

FOR ONLY \$40, YOU CAN ENJOY:

Hiking - good food - pumpkin painting, face painting, an all ages Saturday night Halloween masquerade contest, and weather permitting, a bonfire with ghost stories and s'mores

PLUS,

A silent auction to benefit our chapter's lobbying and legislative program.

The executive committee will be meeting on Saturday afternoon and Sunday morning, but those not on the executive committee may join in the activities, strike out on your own on nearby trails, or just enjoy the peace and quiet of a fall weekend. Lodging is in cabins that accommodate about 20, and family cabins (accommodating more than one family) will be available. Camping among the surrounding trees is another popular option (the cost for the weekend is the same for camping as for staying in the cabins). Bring your own bedding, towels and lunches. If you want additional beverages, you need to bring your own. Breakfasts on Saturday and Sunday, and Saturday night dinner are provided. You are on your own for Friday dinner and Saturday lunch.

Directions: I-40 to Exit 317. Hwy. 127 north (46 miles). Turn right on Hwy. 154, travel 12 miles to the park entrance. OR, I-75 north from Knoxville to Exit 141. Hwy 63 to Huntsville. Right onto Hwy 27 north to Oneida. Left onto Hwy 297 through Big South Fork NRR. Right onto Hwy 154, follow to Pickett State Park. The park's office number is 931-879-5821.

2008 FALL FAMILY MEETING AT PICKETT STATE PARK

REGISTRATION FORM

To register, please clip out and mail this registration form by Saturday, October 11, to:

Chickasaw Group-Sierra Club
c/o Nancy Ream - Chair
Post Office Box 111094
Memphis, TN 38111

If you know you will attend but are unable to mail your registration by the deadline, please contact Nancy at njream@aol.com by the deadline date in order to be assured of meals.

Name: _____

Address: _____

Phone: _____

e-mail address: _____

Number of adults @ \$40: _____

Number of children under age 13 @ \$20 (what ages?): _____

Number of vegetarians _____ Number of omnivores _____

Total enclosed _____ (Make check payable to Chickasaw Group - Sierra Club).

Outings

All participants in Sierra Club outings are required to sign a standard liability waiver. If you would like to read a copy of the waiver before you participate, please refer to: <http://www.sierraclub.org/outings/chapter/forms/SignInWaiver> PDF, or call 415-977-5630 for a printed version. Transportation to the outing, including carpooling, ride-sharing or anything similar, is strictly a private arrangement among the participants. Participants assume the risks associated with this travel.

HARVEY BROOME GROUP (Knoxville)

October 4-5. Gourmet Backpack, Cherokee National Forest, along North Fork of Citico Creek.

This trip has become a Harvey Broome Group tradition, with everyone trying to make the most outrageous, non-backpacking type food that one can imagine. If you can dream it up, you can cook it in the backcountry. Frozen margaritas, Caesar salad, roasted Cornish game hens, seafood Newburg, hot fudge ice cream sundaes, cheesecake, blueberry pancakes—it has been done in the woods on this trip. (Limited to 12 hikers.) Mileage is less than 3.0-miles on a relatively flat trail, but involves several creek crossings, so you may want to bring your “creek shoes.” Rated easy. Pre-register with Beverly Smith: blsmith1300@comcast.net (preferred); 865-531-8480 (evenings).

Wednesday, October 8. Day hike in GSMNP to Abrams Falls (the Back Way!)

This is a roundtrip hike of about 11 miles from Lower Abrams Creek Campground to Abrams Falls and back via Cooper Road and the Little Bottoms Trail. Moderately difficult because of distance and several fairly steep pitches. Most of the trail closely borders Abrams Creek and offers wonderful views of stream and valley. This route is only lightly used and offers a quiet, contemplative alternative to the shorter and much busier trail to the falls from Cades Cove. Pre-register with John Finger: H 573-5908; Cell 599-1757; jfinger@utk.edu.

October 11. Day Hike, Bob's Bald (by way of Beech Gap).

Enjoy great views from this high elevation destination. This would also be a good opportunity to look for higher elevation early fall colors. 6 miles round trip, but by starting at Beech Gap there is only an 800 foot elevation gain on the hike. Rated easy to moderate. Driving distance/time 90 miles/2 hours. Preregister with Priscilla Watts: 966-4142; sigmtngirl@earthlink.net.

October 25-26. Backpack, Oconaluftee section, GSMNP.

We will begin on the Mingus Creek trail and follow it for the six miles to site #52 on Newton Bald for a total of 6 miles our first day. On Sunday we will follow the Thomas Divide trail to Deeplow Gap to Mingus Creek and back to our cars for a total of 10.9 miles the second day. Rated Difficult due to the climb on the first day and the length of the second day. Pre-register with Steve Harvey: sharvey86@aol.com; phone 865-271-7227.

November 1. Dayhike, Andrews Bald, GSMNP.

This short hike out to Andrews Bald on the Forney Ridge Trail will hopefully allow us to enjoy the remaining fall colors. On the way back to the parking area, we'll take a side trip out to the old abandoned boiler which lies off the Forney Creek Trail. Total distance about 5 miles,

rated moderate. Preregister with Ron Shrieves: 922-3518; ronaldshrieves@comcast.net.

November 15-16 . Backpack, Elkmont section, GSMNP.

We'll take the Little River Trail for about 6 miles (the guidebooks say 5.2 miles but the gate has been moved further down the creek) from its beginning in the Elkmont area to its southern terminus at Three Forks Backcountry Campsite # 30, deep in the heart of the Smokies and only 2.5 air miles from Clingman's Dome. An alternate, if the creek is too high to easily ford with backpacks, will be to camp at Campsite # 24, Rough Creek Campsite, 3.4 miles up the trail, and to possibly day hike on up to the end of the trail. Much of the trail is on the old logging railroad grade along the Little River and is unusually level, gaining only 1,200 feet in the 5.2 miles of trail (one-way). This is a “hiker-only” trail as is the campsite. The campsite is the site of the old Lumber Camp 19, surrounded by the headwaters of the Little River. Hiking distance is about 12 miles total and it is rated Easy. Preregister with Will Skelton: H 523-2272; cell 742-7327; whshome@bellsouth.net.

STATE OF FRANKLIN GROUP (Tri-Cities)

Contact Tom Mozen, SOF Group chair, at (423) 232-0827.

MIDDLE TENNESSEE GROUP (Nashville)

October 4-5, Jack & Back Bike Ride

The Tennessee Chapter has a bike team to ride the Multiple Sclerosis “Jack & Back” from Franklin to Motlow College. There are two routes available. One is 75 miles each way and the other is 50 miles each way. This is a fully supported ride. If you can't ride the entire route, transportation is available to take you to the finish line! It is a fun event with refreshment stations and meals provided. Each participant is required to collect \$300 in donations. Last year, the TN Chapter bike team raised \$3,300 for this worthy cause. For additional information contact Katherine Pendleton at 615-360-3481 or Katibug1959@aol.com.

October 12, 2008 Day hike on Fiery Gizzard Trail in Tracy City, TN on Columbus Day.

This trail is one of the most diverse and beautiful in Tennessee. The section that starts at Tracy City and climbs the plateau to Ravens Point is possibly the most rugged and difficult trails in Tennessee. It is steep and extremely rocky. It is 4.4 miles to Ravens Point. The remaining part to Foster Falls is relatively easy. I have been on the trail many times. We will hike to a time at which we plan to eat lunch and then we will turn and hike back. We won't try to hike faster than anyone wants to go. We will meet in Nashville at a parking lot at 8:00. We will drive an hour and a half on I-24 to go to Monteagle. From there we will drive to Tracy City. To register, send email to dabordenkircher@mindspring.com or call 615-333-3377.

Sunday, October 12, Mount Olivet Cemetery Walk

Ever wonder where some of the legendary people in Nashville's past are buried? Come and find out where they are laid to rest as we walk in Mount Olivet Cemetery. Wear comfortable walking shoes for this easy to moderate walk. For more information, contact Katherine Pendleton at katibug1959@aol.com or 615-360-3481.

October 17-19, Georgia Chapter Annual Gathering

Ten Essentials for Hiking

Sierra Club outings offer a variety of wilderness and near-wilderness experiences. It is important to realize that while all trips are guided by a leader, it is ultimately the responsibility of the individual to operate in a safe manner. To this end, the following is a list of essential items which should be modified according to the particular type of outing. These are:

1. Adequate map
2. First aid kit
3. Compass
4. Rain gear
5. Extra clothing (it is a good idea to always have a wool hat)
6. Matches
7. Knife
8. Flashlight
9. Extra food, water
10. The tenth essential: You decide what is the most important thing to bring!

You are invited to attend the Georgia Chapter Annual Gathering at Cohutta Lodge near Chatsworth, GA in the north Georgia mountains. For additional information, visit georgia.sierraclub.org or contact Genie Strickland at 404-607-1262 ext. 221.

October 31-Nov. 2, Outings Leader Retreat

There will be an outings leader retreat for all outings leaders and potential outings leaders of any group in the Tennessee chapter as well as the Nashville ICO Group. It'll be held October 31-Nov. 2 at Foster Falls TVA campground near Tracy City, TN. Activities during the weekend include hiking on the Firey Gizzard Trail, evening campfires, fellowship, and more. Please register by October 27 so we will know how many campsites to reserve. Contact Katherine Pendleton for more information at 615-360-3481 or email kati-bug1959@aol.com.

March 7-14, 2009, 3rd Annual Clair Tappaan Lodge Ski Trip

Make your reservation now to go with the Tennessee Chapter to Sierra Club's Clair Tappaan Lodge for a week that you will never forget! This is the third year for the Tennessee Chapter to host a ski trip for its members.

Clair Tappaan Lodge is located 7000 feet in California's Sierra Nevada 45 minutes West of Reno, Nevada. Activities planned for our week at Clair Tappaan include cross-country skiing and exploring the Lake Tahoe area. Skiing classes are available at the lodge. Accommodations are in bunk beds equipped with mattresses. Bring your own bedding and towel. Restroom and shower facilities are shared with two men's and two women's bathrooms. Meals are served family style.

Price for the trip is \$600 per person and includes lodging, all meals from supper on March 7 thru lunch on March 14 and transportation from airport to lodge and back to airport. Trip price does not include airfare, ski rental, ski lessons, ski fees, incidentals, breakfast and lunch on March 7 and supper on March 14.

Reservations are limited to 6 participants. Non-refundable \$100 deposit due by February 1, 2009 made to TN Chapter Sierra Club Outings, P.O. Box 290306, Nashville, TN 37229. Remainder of fees due February 23, 2009.

Complete information regarding equipment rental rates, cross-country skiing activities planned, accommodations, and any other inquiries may be directed to Katherine Pendleton at 615-943-6877 or Katherine.pendleton@sierraclub.org. Payment by credit card is available. (Educational, Conservation)

(continued on page 7)

Outings *(continued from page 6)*

CHEROKEE GROUP (CHATTANOOGA)

October 17-19, Georgia Chapter Annual Gathering

You are invited to attend the Georgia Chapter Annual Gathering at Cohutta Lodge near Chatsworth, GA in the north Georgia mountains. For additional information, visit georgia.sierraclub.org or contact Genie Strickland at 404-607-1262 ext. 221.

CHICKASAW GROUP (Memphis)

Tour Shiloh National Military Park with the Chickasaw Group Saturday, October 4, 9:00am, Shiloh National Military Park, Shiloh, TN.

History buff Keith Hoover will lead an easy hike at scenic Shiloh National Military Park. Points of interest will include the Tennessee Monument, Rhea Springs, Shiloh Church, and the Shiloh Indian Mounds National Historic Landmark. Admission to the park is \$5 per family and \$3 per individual. Please, no pets allowed. Bring your own snacks and water. We will eat lunch at a nearby restaurant afterward.

To join the Sierra Club Chickasaw Group outing from Memphis, meet at 9:00am at Starbuck's at 987 W. Poplar Avenue in Collierville (just west of Byhalia road). For more information or if you wish to meet us at the park visitor's center, contact Keith Hoover at hooverkw@yahoo.com or (901) 363-8299.

Yard Sale for Chickasaw Group, October 18, starts at 7:00am 5071 Anchor Cove, Memphis – For more information, contact Juliet Jones at juliet101@comcast.net

Chickasaw Group Sierra Club Hike Middle Fork of the Little Red River, North-central Arkansas Ozarks. Saturday, November 1, 2008

Meet at 9:00 a.m. at Shirley (Highway 9 & 16). The Middle Fork of the Little Red River (MFLRR) is located in Stone County, upriver from Fairfield Bay and Greers Ferry Lake, a four-hour drive from Memphis. Camping facilities are available at the nearby Van Buren campground (Hwy 330) on Greers Ferry Lake. Motels are available in Heber Springs, Greers Ferry, Mt. View, and Clinton.

The hike will begin in the abandoned town of Alberg along an abandoned railroad easement three miles upriver to the Diggs' cabin for lunch. The suggested car route is Hwy 64 west to Bald Knob, Hwy 167 north to Pleasant Plains, Hwy 87 west to Concord, Hwy 25 west to Drasco, Hwy 92 west to Greers Ferry, and Hwy 16 northwest to Shirley. Wildlife includes turkey, raptors, deer, otter, beaver, bass and ginseng. Up to nine people can be accommodated overnight. There will be a discussion of future plans for the Diggs property. For more information, contact Walter Diggs at (901)386-9751. wdiggs@jointcommission.org.

Recycling Coordinator Needed

Volunteer Coordinator needed for the recycle drop-off Site in Nashville that is sponsored by the Sierra Club.

The Volunteer Coordinator will schedule volunteers to staff the Drop-off Site from 9:00 to 12:00 on Saturday mornings from a list of people who have expressed an interest in being there.

Interested people may contact Betsy Garber at garberb@hotmail.com

Chickasaw Group News (Continued)

(continued from page 5)

<http://www.sierraclub.org/sierra/199605/ways.asp>

We did use one of the lessons we learned from the 2004 event, and that was to have some really good items for raffling to draw in people to sign up for the Sierra Sportsmen Network's e-mails. This was successful in getting 227 names, and of those 227, 142 provided an e-mail address. We raffled a Temple Fork Outfitters fly rod that has the logos of the Sierra Club and the Federation of Fly Fishers. For the fly fishers that read this, this rod was a Lefty Kreh Signature Series, 8 and ½ feet long, 5 weight that breaks down into two sections. We also raffled two \$100 gift certificates from Bass Pro Shops. The fly rod was won by Lindsey Mitchell, and the gift certificates were won by Jake Estes and Jim Champion.

We also got a chance to network with representatives of Ducks Unlimited, Mid-South Fly Fishers, Tennessee Wildlife Federation, and the Theodore Roosevelt Conservation Partnership, who all had booths at the show.

Tennessee Water Sentinels wants to thank Tim Guilfoile of the Northern Kentucky Water Sentinels (http://sierraclub.org/watersentinels/no_kentucky/) for his assistance all three days of the show. Tim hunts and fishes and he knows how to work this audience well. He showed Chickasaw Group's volunteers how to gather people in to sign people up for the Sierra Sportsmen Network.

We also thank Chickasaw Group's volunteers who gave of their weekend to help: Amy Stewart-Banbury, Don Richardson, Ed Jones, Keith Hoover, Nancy Ream, and Walter Diggs. Please see the website, <http://www.sierraclub.org/sierrasportsmen/> for more information on the Sierra Sportsmen Network and the Club's outreach to hunters and anglers.

Chickasaw Group Visits Hummingbird Migration

On Saturday, September 6, the Chickasaw Group held an outing at Strawberry Plains, near Holly Springs, Miss. The event was the annual Hummingbird Migration Celebration. Every year, thousands of hummingbirds come through the Mid-South on their way to Mexico. The Audubon Center puts out feeders to attract them. They flock there by the thousands.

In addition to birding, the celebration consists of hummingbird banding and lectures on hummingbirds, bats, and snakes. Keith Hoover of the Chickasaw Group helped everyone navigate the talks, tents, and tables, providing helpful advice at the appropriate times.

Chickasaw Members Discuss Plum Point on Public Radio

Chickasaw members Steven Sondheim and James Baker were interviewed for a story that was heard on National Public Radio's Morning Edition about Plum Point, a new coal-fired power plant being constructed in Osceola, Ark., about 40 miles from Memphis. You can hear this interview at http://www.publicbroadcasting.net/wkno/news.newsmain?action=article&ARTICLE_ID=1350276

See this link <http://www.commercialappeal.com/news/2008/jun/23/coal-burning-plants-enjoying-resurgence/> for an article about Plum Point in the Memphis Commercial Appeal.

Since the NPR interview, WKNO, the local PBS station, has asked for Steven and James's help in doing stories on water and nuclear power. They have been in touch with the Sierra Club's National Coal Campaign, and are working with them on the issue of air quality in Memphis and on the seismic concerns given that Plum Point is on the New Madrid earthquake fault.

Rebuttal to News Story

"Boom in old fuel source generates global warming concerns. Arkansas electric plant part of coal-burning resurgence" ---This was the

Visitor and hummingbird. Photographer: Ed Jones

lead-in to an article in the *Memphis Commercial Appeal* at <http://www.commercialappeal.com/news/2008/jun/23/coal-burning-plants-enjoying-resurgence/>

Story Rebuttal by Steven Sondheim, Co-Energy Chair

New sources of global-warming pollution fly in the face of the new wisdom that we have to do something about global warming. Building dirty coal-powered plants is the wrong thing to do. Besides being the most prolific source of CO₂, these plants also put out mercury (which ends up in our food chain), particulates (which end up in our lungs) and a number of other toxins responsible for our worsening air quality problems. This results in increased health problems such as asthma and emphysema. Memphis is currently out of compliance with the federal regulations on air quality and has just been downgraded.

Some are moving in the right direction by constricting new building of dirty sources. The mayor of Austin, Texas, found it unnecessary to build a proposed coal-powered plant after conserving an equivalent amount of energy. Recently, Kansas and Georgia ceased development of two of their new coal plants. Our own TVA is proposing that we invest in efficiency and conservation first and renewable energy second. As energy savings and clean sources come on line, we can retire the dirtiest sources such as coal-powered plants. There is no such thing as clean coal. Sierra Club statement on Dirty Coal: <http://kansas.sierraclub.org/Wind/CoalFactSheet-2008-05.pdf>

There is a rush to develop new coal-powered plants before they become more expensive to the consumer due to an almost certain carbon tax of some kind. In fact, the power they supply could soon be more expensive in both direct costs, indirect costs of cleaning up pollution and the associated costs of health care.

We challenge that demand by 2025 will grow by one-third as stated in the *Commercial Appeal* article. There are already decreases in energy demand and transportation due primarily to high costs. It's well established that major reductions in the previously thought increased energy demand can be found in energy efficiency and conservation.

If this country invests in renewable energy in a major way (a Marshal Plan), many think that within 20-30 years we can not only be completely energy independent, but we can supply most of our energy with clean, safe sources at a reasonable cost. There are already major efforts surfacing like T. Boone Pickens's recent announcement of major investment in wind power. In addition, nuclear will be unnecessary. It is the most costly to the consumer, is projected to increase in cost and is inadvisable for its waste, terrorism, and danger problems. The huge amount of money slated for investment in both coal and nuclear power would be better spent hastening the development of renewable energy.

Your Voice Needed at Second Summit for a Sustainable Tennessee

By Tennessee Environmental Council

Those of us looking for a greener lifestyle in our state could benefit from a structure of organizations working together and collaborating toward a common goal of a sustainable Tennessee. In 2007 the Tennessee Environmental Council (The Council) and Tennessee Conservation Voters (TCV) recognized this need and partnered to create the first *Summit for a Sustainable Tennessee*.

Under the banner "*Many Voices. A Common Vision*," more than 200 citizens representing at least 90 Tennessee communities, organizations and agencies gathered at Lipscomb University in Nashville on November 15, 16, and 17, 2007 to begin a multi-phase, year-long process of crafting the state's first sustainability agenda.

During the *Summit for a Sustainable Tennessee*, scores of scientists, engineers, ecologists, executives, farmers, educators, activists, organizers, students and other interested citizens examined issues and opportunities related to clean energy, natural infrastructure, healthy communities, quality growth and sustainable design and development.

Topping the list of most popular strategies:

- providing creative market incentives for private business and consumers making more sustainable choices
- developing a statewide public information campaign directed at business, consumers and students emphasizing the many practical benefits of greener lifestyles and practices
- providing incentives and public-private partnerships to encourage investment in and development of denser, more walkable, transit-oriented communities
- promoting healthier, more locally-sourced food systems throughout the state
- instituting new energy policies and land use planning at the federal (TVA), state and local level based on energy efficiency and organized along the state's key watersheds
- purchasing and preserving up to a million acres of green space across the state, beginning with land along the state's Mississippi corridor

Follow-up continued throughout the year in a series of Regional Opportunity Forums conducted in Knoxville and Chattanooga. These forums provided additional opportunities for input and brought in new and additional voices of those who had not yet had a chance to participate. A third forum happened Sept. 19-20 in Memphis at the Fogelman Executive Center on the University of Memphis campus.

All of the information that came from last year's summit and the subsequent forums have been compiled and are being used to develop an agenda for the *Second Annual Summit for a Sustainable Tennessee*. This year's summit will again be held at Lipscomb University in Nashville and will take place November 13-15.

As we all strive for a greener, more sustainable life in Tennessee, opportunities like the summit offer meaningful ways to directly affect the future of our state and its many diverse communities. However, as the summit's slogan implies, it takes many voices to create a future that is truly built upon a common vision. So bring your voice and your ideas to the *Second Annual Summit for a Sustainable Tennessee*. To find out how to get involved, you can visit www.sustainabletn.org or contact our office at tec@tecten.org / 615-248-6500. Together we can make a more sustainable Tennessee and we look forward to seeing you in November!

Saturday, October 4, 2008 National Solar Tour Celebrating the first two years of clean green electricity from 4 kw of solar panels on an energy efficient passive solar home in Jackson County, Tenn.

11 AM to 4 PM (CDT) - See the solar home as part of the National Solar Tour.
For a list of solar tours: www.ases.org/tour

Visit the solar home of Brian Paddock & Mary Mastin and learn about these energy efficient features:

- Active solar - 4 kw photovoltaic panels, Sunny Boy inverter, TVA Generation Partners
- Passive solar - All glass on south side, 4 ft. overhangs that keep sun out April-Oct.
- Geothermal heat and air • Cool tubes • Solartube non-electric light
- Heliocol Solar water heater for lap swimming pool

Stay Afterwards for a Beer- 4pm to 8pm. Some snacks provided. Sierra Club 2009 Calendars for Sale. Your Contribution of \$10 will support the environmental organization of your choice (SOCM, Sierra, Tennessee Environmental Council).

Directions: 360 Roberts Hollow Lane, Cookeville, TN. 38501 (931-268-2938). Going north out of Cookeville on HWY 135 (Burgess Falls Rd, Willow St. Exit off Interstate 40), approx. 4 mi. past Jackson County Line, after Dodson Branch Elementary School on right and Community Center on left, take first left (opposite Dodson Branch Baptist Church) on to Lankford Hill. Take second road to left, Roberts Hollow Lane & follow that past our gate to the end at our cedar house at the top of the hill.

energy corner

Energy Matters

A new regular section covering Energy Matters-articles, news, events, activist opportunities, group activities, successes, help wanted, local campaigns and hot/cool issues having to do with energy.

Energy Matters Conference Call-7-8pm CST Wed. Oct 15—How can we work together on the energy issues facing us locally, statewide and nationwide.

Please email stevensonheim@yahoo.com 901-761-1793 or Diane Perschbacher Phifer <diane@propson.com> 615 895-1236 for instructions on how to join the call which will discuss working together on energy matters, projects, and local issues.

On our last call we began learning what each of us is doing—air quality, stopping the coal plant and mining proliferation, car/van pooling, and sustainable movements in Memphis, Nashville, Chattanooga and Knoxville. In Memphis the Sustainable Shelby and the Cool County movements are beginning to work together. We want to bring local energy efforts into focus and we need your help and ideas. Please email Steven or Diane with news or ideas about local activities, group efforts, energy issues, etc. We will work with you to join the effort.
