JOIN US FOR A 35TH-ANNIVERSARY CELEBRATION

This fall marks the Georgia Chapter's 35th anniversary! We are commemorating the occasion with a new tradition. We will be recognizing the trailblazing leaders of our past and those who are setting the trails for our future. We will honor our beloved volunteers for leading the way on clean air, land, and water, for protecting our forests, coast, wetlands, and mountains and for investing themselves in building a sustainable, equitable environment for every Georgian.

Join us at the beautiful rooftop terrace of the Nelson Mullins Riley & Scarborough Law Firm on Thursday, October 25 as we recognize and honor a group of remarkable Georgia Sierra Club Trailblazers that have truly made a difference across our state.

Your attendance and support of this event are crucial to help us continue our trailblazing work this year and in the years to come. Thank you in advance for investing in a future Georgia we will all be proud to call home.

We could only have reached such a milestone with your leadership, support, and perseverance in exploring, enjoying, and protecting Georgia.

We hope you will join us for this celebration!

DARK MONEY FILM SCREENING

Dark Money, a political thriller, examines one of the greatest present threats to American democracy: the influence of untraceable corporate money on our elections and elected officials. The film follows an intrepid local journalist working to expose the real-life impacts of the US Supreme Court’s Citizens United decision.

This film uncovers the shocking and vital truth of how American elections are bought and sold. This Sundance award-winning documentary is directed/produced by Kimberly Reed (PRODIGAL SONS) and produced by Katy Chevigny (E-TEAM).

GOSA PUBLIC LANDS PANEL DISCUSSION

SIERRA CLUB & BEER: GLASS RECYCLING

It is a critical time to talk about public lands with the upcoming November vote on the Georgia Outdoor Stewardship Act (GOSA). If GOSA passes, it will provide a significant source of funding for the acquisition of new public lands, the management of existing public lands, and improvement of access.
