FILM SCREENING: FROM THE ASHES

Can we move beyond coal to improve the health our communities, increase economic security for all families, and preserve our planet for future generations? Now that President Trump has withdrawn the U.S. from the Paris Climate Agreement, local action for clean energy and climate protection is more important than ever.

*From the Ashes*, a new film produced by RadicalMedia in partnership with Bloomberg Philanthropies captures Americans in communities across the country as they wrestle with the legacy of the coal industry, and what its future might be under the Trump Administration. From Appalachia to the West's Powder River Basin, the film goes beyond the rhetoric of the “war on coal” to present compelling and often heartbreaking stories about what's at stake for our economy, health, and climate.

Come, learn, and discuss what you can do to protect your family, our communities, and the nation as we move beyond coal.

Date: Wednesday, January 31, 2018

Time: 6:00 PM

Location: Emory Mathematics and Science Center (400 Dowman Dr., Atlanta, GA 30307)
