SIERRA CLUB ENDORSES REP. LISA BLUNT ROCHESTER
Nation’s Largest Grassroots Environmental Group Praises Work to Protect Delaware’s Environment

"We are pleased to announce today that the Sierra Club officially endorses Rep. Lisa Blunt Rochester for reelection," said Heather Connell, Chapter Political Committee Chair. "Given the current administration’s continued threats to our environment, it is more important than ever to elect environmental champions like Congresswoman Blunt Rochester, who will fight to protect Delaware’s air, water, climate and natural treasures.” She has been a strong supporter of clean energy and a cosponsor of the 100% Clean Economy Act, continuously worked to protect our public lands, and voted in favor of the For the People Act and Climate Action Now Act.

Along with the endorsement, the Sierra Club will lend its volunteer strength to Rep. Lisa Blunt Rochester’s campaign. "We pledge to do all we can to help ensure Lisa is reelected," said Sherri Evans-Stanton, Chapter Director. "We will broadcast our endorsement and communicate with our members and supporters to encourage them to do whatever possible to ensure her reelection. Additionally, we will speak to our partners and the public as often as possible about her strong environmental record. We look forward to a victory for Rep. Lisa Blunt Rochester on election night and for her continued leadership to fight for the environment as Delaware’s U.S. Congresswoman."

About the Sierra Club:
The Sierra Club is America’s largest and most influential grassroots environmental organization, with more than 3.8 million members and supporters. In addition to helping people from all backgrounds explore nature and our outdoor heritage, the Sierra Club works to promote clean energy, safeguard the health of our communities, protect wildlife, and preserve our remaining wild places through grassroots activism, public education, lobbying, and legal action.
