

Where does your water come from?

Please join us for a panel discussion about the impacts of development and stormwater runoff on the public water supply, the implications this has for future water rates, and how we can make growth smart enough to protect our water supply, through inclusion of natural green infrastructure and rural preservation.

Date: December 3rd

Time: 3-5 pm - reception to follow

Place: Montgomery County Executive Office Building, Auditorium and Cafeteria
101 Monroe Street, Rockville MD (Enter through the cafeteria on the terrace level)
