March 2020

Dear Sierra Club Arkansas Supporter:

If you’re anything like me, you are greatly concerned about what the current political landscape will mean for Arkansas’s land, water, and wild places.

Now more than ever, our work to build political power at the local-level is critical. And with your continued financial support, the Arkansas Chapter of the Sierra Club will continue to do just that. Even as the political environment presents steep challenges, we have plans to persistently challenge Big Coal and other exploitative industries—all while pursuing solutions that protect our natural resources and promote economic growth.

With your help, the Arkansas Chapter pursues its goals by lobbying in Little Rock; advocating to our administrative agencies, such as the Department of Environmental Quality, the Public Service Commission, and the Pollution Control & Ecology Commission; educating our members and the public through outreach at fairs and other public events; and submitting technical comments in proceedings of all kinds. With over three thousand members and supporters across Arkansas, we have a unique ability to shape policy in the Natural State.

None of our important work would be possible without generous donations from people like you. Please invest in our work with a gift of $25, $50, $100 or more to the Arkansas Chapter today.

Here are just some examples of what we were able to accomplish in the past year thanks to your support and what we will continue to pursue in 2020.

- **Clean Water.** Sierra Club and our allies worked hard and won protections for the Buffalo River.
- **Air Quality.** We helped retire the two biggest dirty coal plants in the state—and are working to retire the others immediately.
- **Energy.** We helped win crucial victories at the Capitol that have led to a boom in solar energy for Arkansas.

Will you confront these and other challenges with us? **Please donate $25, $50, $100 or more? Your investment will protect Arkansas’s water, air, and wild places.**

We face strong opposition to protect Arkansas’s water from pollution, to keep Arkansas’s air clean and breathable, to keep our food healthy, to protect our natural areas and wildlife and to transition to clean and renewable energy. Please help us continue to make a difference in Arkansas by making a donation. With your assistance, we can continue our grassroots efforts; we cannot do it without you.

We sincerely and graciously appreciate your donation.

Glen Hooks, Director
Arkansas Sierra Club

P.S. 100% of your contribution stays in Arkansas to fight for clean water, clean air, and protecting special places like the Buffalo River. You can make a difference by giving today.
☑ I’m in! I support my chapter’s work in Arkansas!

ENCLOSED IS MY CONTRIBUTION OF:

☑ $25  ☐ $50  ☐ $100  ☐ $200  ☐ Other $________
