Hello Fellow Sierra Club Members,

It’s time for everyone’s favorite elections again – the Salt River Project (SRP) Board! If you were just thinking “wait, what elections?” you are not alone, which is why the Political Committee has been working to shed some light on these unfair, antiquated elections. These are important races which help shape the direction and future of our state’s second largest utility.

These elections are very different than any other election. Ballots must be requested in order to vote and not all SRP ratepayers are eligible to vote. If you are a registered Arizona voter who owns property within the SRP area, you may be eligible to vote. Learn if you are eligible to vote by requesting a ballot here by March 27. Make sure to request a ballot for everyone listed on title of the property! Visit this page to view early in person voting locations, and link to other useful information.

Early ballots are already being mailed for the April 7 SRP election and we want to elect environmentally friendly candidates! We would like to see a move to cleaner energy, solar friendly policies, and responsible business practices. To help with this we have endorsed the following candidates:

- **Anda McAfee** for Board Seat 11 (at-large)
- **Nick Brown** for Board Seat 13 (at-large)
- **Sean Feeney** for Board Division 3
- **Jim Moule** for Board Division 5
- **Kathy Mohr-Almeida** for Board Division 9

If you have further questions on this race please contact me, Rebecca Hinton at rahinton@hotmail.com for more information.

Sincerely,

Rebecca Hinton
