Reading and Film List on Climate Change, Compiled in 2018

Films

“Reinventing Power: America’s Renewable Energy Boom”, Amber Valletta, Sierra Club, 2018

“Time to Choose”, Directed by Charles Ferguson, ro*co films educational, Sausalito, California, 2016

“Sun Come Up”, Jennifer Redfearn and Tim Metzger, Red, Antler Films, 2010

“Catching the Sun”, Shalini Kantayya, The Film Collaborative, 2016

“Saving Snow”, Directed and Produced by Diogo Castro Freire, Adaptation Now, 2018

“Ecological Armageddon! Insects Vanish All over the World”, www.youtube.com/watch?v=EAOnySPnt3E

Studies and Papers

“Global Warming of 1.5°C, an IPCC special report on the impacts of global warming of 1. 5°C above pre-industrial levels and related global greenhouse gas emission pathways, in the context of strengthening the global response to the threat of climate change, sustainable development, and efforts to eradicate poverty”, Intergovernmental Panel on Climate Chante, October 6, 2018. See http://www.ipcc.ch/report/sr15/

David Arkush, Allison Fisher, Victoria Brown, and Mary-Stewart Wachter, “Extreme Silence – How the U.S. media have failed to connect climate change to extreme heat in 2018”, Public Citizen, 2018

David Malakoff, “Climate change poses major threat to United States, new government report concludes”, Science, November 23, 20018

Jim Erickson, “20 percent of Americans responsible for almost half of US food-related greenhouse gas emissions”, Michigan News, University of Michigan, March 20, 2018

2016 Greenhouse Gas Emissions, Iowa Department of Natural Resources, see www.iowadnr.gov/Environmental-Protection/Air-Quality/Greenhouse-Gas-Emissions

Ben Guarino, “’Hyperalarming’ study shows massive insect loss”, The Washington Post, October 15, 2018

March Buchanan, “Revealing the Dark Side of Wind Power – Surprising new research suggests harvesting cleaner energy may have serious consequences for the environment”, Bloomberg, October 4, 2018

“Did you know that Iowa has nine species of bat?”, Wildlife Diversity News, Iowa Department of Natural Resources, October 24, 2018

Kate Dooley, Doreen Stabnsky, et al, “Missing Pathways to 1.5°C: The role of the land sector in ambitious climate action”, Climate Land Ambition and Rights Alliance, 2018

Books

Alison Kenner, Breath Taking: Asthma Care in a Time of Climate Change, University of Minnesota Press, 2018

Hal Harvey, Robbie Orvis, Jeffrey Rissman, Designing Climate Solutions: A Policy Guide for Low-Carbon Energy, Island Press, 2018
