Voter registration
To vote on election day or by absentee ballot, you must be registered to vote in Maryland. If you are not sure if you are registered to vote, check here. Here are directions to register to vote.

If you vote during the Early Voting period, you may register or update your address at the same time. To register and vote during early voting, go to an early voting center in the county where you live and bring a document that proves where you live. That document can be your MVA-issued license, ID card, or change of address card, or your paycheck, bank statement, utility bill, or other government document with your name and new address.
