As we all deal with a global pandemic of COVID-19 we wanted to let you know how the Sierra Club is adapting and responding so we can keep doing the important work of helping our communities, protecting our natural and human environment and fighting for a just, clean energy future.

Message About Coronavirus/COVID-19

We know you continue to hear and see news reports about the coronavirus, or COVID-19, and its effects around the world and here in California.

In response to this pandemic the National Sierra Club and Chapter Executive Committee has taken action to safeguard the health of all of our members, supporters and staff.

Effective March 13, 2020 ALL Chapter events, meetings, and activities HAVE BEEN CANCELED. Currently scheduled outings are all canceled. Please stay home and try not to leave your home this pandemic is teaching us how we are all connected.

This action includes our office which will have very limited operations. We apologize for any inconvenience this may cause.

Remember, the CDC recommends everyday preventive actions to help stop the spread of germs and provides more detailed coronavirus information on its website at www.cdc.gov.

Thank you for your support of the environment and the Mother Lode Chapter.

With Love and Compassion,

Chapter Director
Dyane Osorio

PS: A TedTalk that helped me during this time in isolation.
