Sierra Club California Executive and Administrative Committees

rev 7/30/2019

SCCa Bylaws Part Four: Standing Committees

2.19 Standing committees and special committees may be established by the California Executive Committee in the exercise of its powers and responsibilities under these bylaws. Unless otherwise provided by the California Executive Committee, the members of these committees shall be appointed by the Sierra Club California Chair. They shall be appointed from among Sierra Club members who live in California, and they shall serve for one-year terms unless they are sooner discharged by the appointing person or entity or unless the Standing Rules provide for other terms. The committee chair shall be designated by the appointing person or entity at the time the committee is appointed. Except for the Nominating Committee (where it may only fill naturally occurring vacancies), the California Executive Committee may at any time add members to a committee, recall, or replace any of its members. Committees not mandated by these bylaws may be discharged by the California Executive Committee at any time.

2.20 The chairperson of each committee established by the California Executive Committee shall regularly report to and consult with the Sierra Club California Chair and the California Executive Committee. Each committee shall submit an annual report to the California Executive Committee.
