Help Turn Out Pro-Environmental/Social Justice Voters in November
(As many volunteers as possible are needed. Each can select a way to be involved.)

**Task Description:**
Sierra Club Independent Action has organized the largest voter turnout program in its history. Volunteer to write letters, text, call or knock on the doors of pro-environment/social justice voters who have not voted consistently in previous elections.

**Why important:**
November may be the most important election in our lifetimes. Trump won Michigan in 2016 by only 10,000 votes. National and local leaders have a direct impact on social and environmental decisions, and democratic engagement is our best tool for promoting justice in both these arenas.

**Time Needed:**
One hour a week or more, depending on your availability.
Conservation Committee: Local Issue Representative
(Several volunteers needed. Each can identify a topic of focus.)

Task Description: With other Conservation Committee members, evaluate, prioritize and organize local opportunities for advocacy and action in Island and Snohomish counties. Possible topics: forests, land use, water, agriculture, toxics, and more.

Why important: There are many missed opportunities to preserve, restore or enhance local resources in our two counties due to lack of citizen input and follow-through.

Time Needed: Online monthly meetings (about 2 hours) plus more as you are able.

Climate Crisis Committee: Local Issue Representative
(Several volunteers needed. Each can identify a topic of focus.)

Task Description: With other Climate Crisis Committee members, evaluate, prioritize and organize local opportunities for advocacy and action in Snohomish and Island Counties. Activities may include promoting clean fuels, building efficiency and electrification, carbon sequestration in agriculture, expanded transit, input into growth management/local codes, forest preservation, etc.

Why important: Save the humans!

Time needed: Online monthly meetings (about 2 hours) plus more as you are able.

Legislative Committee Member
(One volunteer is needed for each state and federal legislator.)

Task Description: Develop ongoing relationships with your state and federal legislators to advance Sierra Club goals in climate/climate justice and environmental issues.

Why important: Legislators are just becoming aware that there is a large and involved environmental community in Snohomish and Island counties. We can have
a positive influence on legislation by educating and encouraging our lawmakers.

**Time needed:** Online monthly meetings (about 2 hours) plus more as you are able.

---

**Social Event Greeter**
(One volunteer needed for Everett, one for Edmonds.)

**Task Description:** Greet and check-in people at our monthly social events. Help plan our virtual Gatherings.

**Why important:** This personal connection is what will make people want to get more involved

**Time needed:** 2 hours, early evening, every other month

---

**Local reporters for Sno-Isle Group electronic newsletter**
(One volunteer for each community within our two-county region.)

**Task Description:** Share information and photos about environmentally related events and activities in your community. No need to write an article; just send the information to our newsletter editor over email, and include links to relevant articles.

**Why important:** Our club represents members from two large counties. We need to share information from all around Snohomish and Island counties about issues that concern our membership.

**Time needed:** 1 hour, once a month

---

**Outdoor Activities Coordinator**
(One volunteer needed.)

**Task Description:** Work with outings leaders to coordinate scheduling and promotion of activities.
Why important: Although our outings leaders are great at navigating their way through the wilderness in the mountains, they often get lost in the urban challenges of coordination, scheduling and promotion with our participants. Basic computer skills for successful communications are essential.

Avg. time: 4 hours every month.

Election Support & Relationship Building with Elected Officials
Volunteers needed (the more the merrier): Legislative District 10 (Whidbey and Camano Islands); Legislative District 44 (Mill Creek, Snohomish, Lake Stevens, Marysville); Legislative District 38 (Everett); and Snohomish County Council District 4 (Mountlake Terrace, Brier, Bothell, Mill Creek)

Task Description: Work with other members of the Political Committee to interview candidates for Sierra Club endorsement, help organize support for endorsed candidate campaigns, maintain relationships with elected officials representing Sno-Isle Sierra Club Sierra Club values and initiatives.

Why important: Representing the interests of Sno-Isle Sierra Club constituents by identifying environmental champions running for election, supporting campaigns to elect Sierra Club endorsed candidates, and building relationships with elected officials is critical to ensuring environmental protections and environmental justice initiatives are implemented.

Avg. time: 1-8 hours every month (varies with election season).

Create Your Own Volunteer Role
Volunteers needed in many areas, some not yet invented, throughout our two counties

Task Description: You name it. Perhaps you are a master at managing databases, or taking photos, or working with teens. Or, you have the time to connect with our new members by phone. Only YOU know what draws you to the Sno-Isle Sierra Club group, and what skills and experiences you have to contribute.

Why important: Advancing our work for the environment and social justice takes all of us working together. There is a role for every member in our group, no matter your knowledge, age or availability.

Avg. time: Entirely up to you.

Reach out with a quick email and we’ll connect with you to explore how you can join our shared work as members of the Sno-Isle Sierra Club. You are a valued member of this group.
